## Blaze rips through house, damage set at \$200,000

Investigation is continuing into a spectacular fire which destroyed a house near Gooderham last Tuesday night.

The blaze was spotted at about midnight by a motorist who noticed flames breaking through the roof of the rambling brick structure, located on a hill about a mile south east of Gooderham.

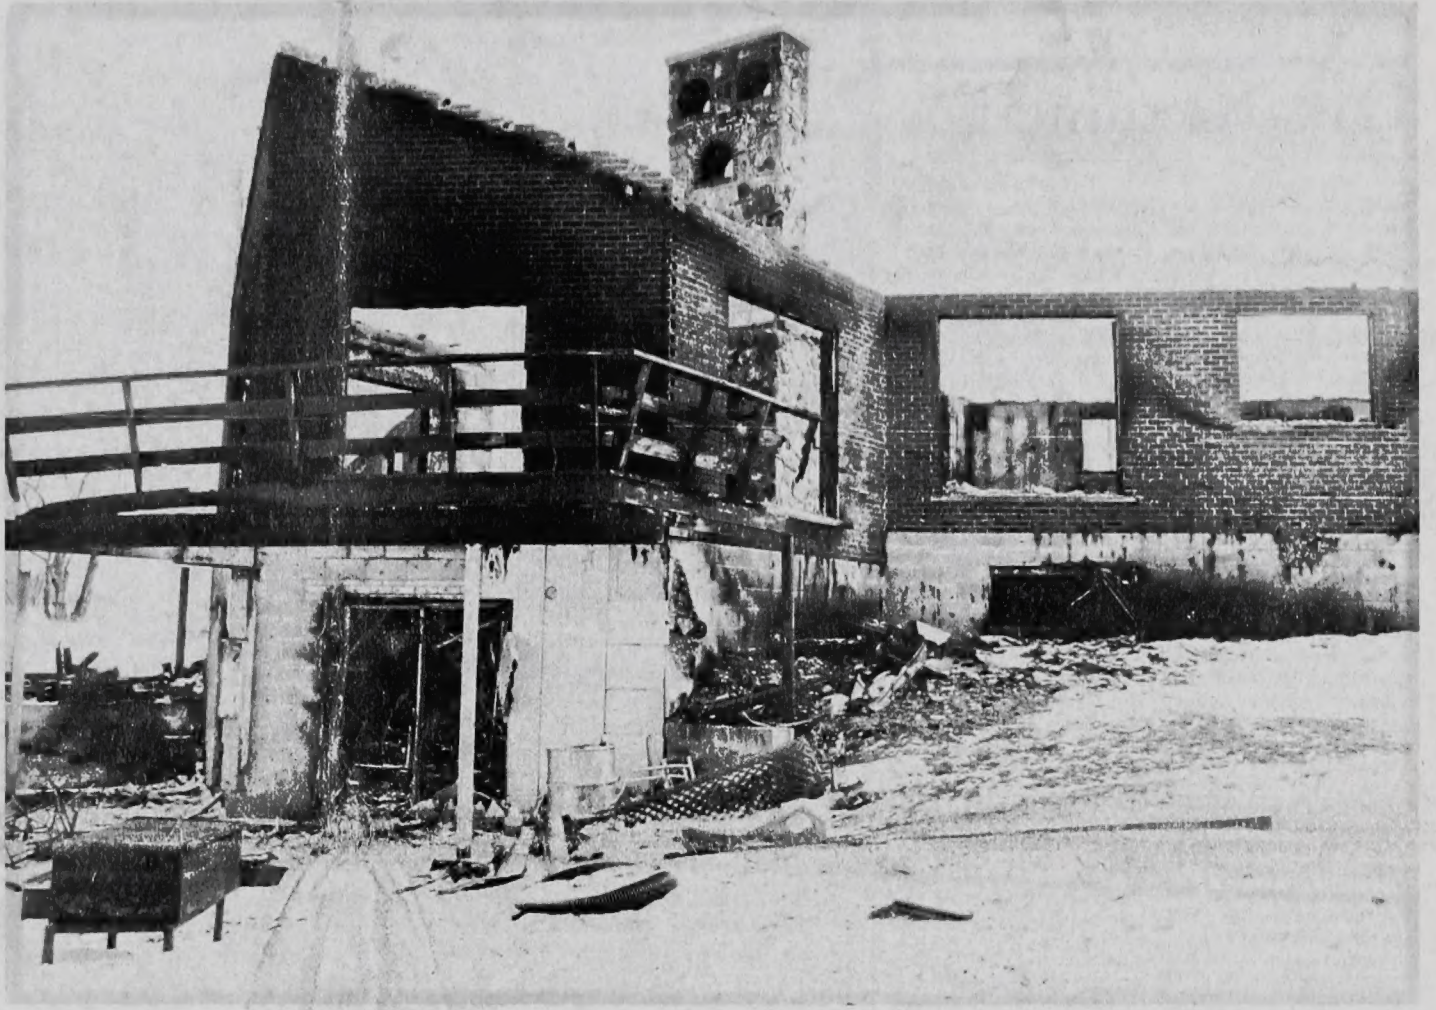

Glamorgan volunteer firemen were on the scene minutes after the fire was reported. Chief Howard Hillis said the roof had collapsed by the time his men turned hoses on

the flames, and there was no hope of saving the structure.

The house, owned by George Flikas of Toronto, was used primarily on weekends, and was not occupied at the time of the fire. It was a total loss. Hillis estimated damage at approximately \$200,000.

"At this point we do not suspect arson, but we're not ruling it out either", Hillis said.

Ontario provincial police are involved in the investigation, Hillis said, and officials of the Fire Marshal's office also have been notified.

This large brick home, owned by George Flikas of Toronto, was completely destroyed when fire ripped through the structure last Tuesday night. No one was in the house at the time of the fire, which went unnoticed until a motorist on a nearby road saw flames lighting up

the night sky. Glamorgan firefighters were unable to contain the blaze. Chief Howard Hillis said damage could be as much as \$200,000. Cause of the blaze has not yet been determined, and arson has not been ruled out.

## Martin Veneer buys plants from Weyerhaeuser Canada

Weyerhaeuser Canada Ltd. has sold its Ontario and Quebec operations to G.W. Martin Veneer Limited of Harcourt. The sale, effective April 9, conditional upon and subject to approval by the governments of Ontario and Quebec to the transfers of existing Crown forest timber agreements and concessions to Martin Veneer.

Jim Hill, Solid Wood Vice-President for Weyerhaeuser, said the agreement provides that Martin Veneer will continue to employ all present employees at the same salaries and with substantially equivalent benefits to those prevailing at the time of sale. The change in ownership is expected to have minimal effect on the continued operation of the two facilities.

The assets purchased by Martin

Veneer include a veneer mill and a sawmill at Sault Ste. Marie, a complete logging division at the Sault, and a veneer mill at Princeville, Quebec.

Approximately 450 people are employed in the plants and another 250 in the woodlands operations.

A Weyerhaeuser decision to divest its hardwood operations prompted the sale. The operations were acquired in 1960 and were later amalgamated with Weyerhaeuser Canada Ltd.

Weyerhaeuser Canada's remaining operations are located in British Columbia, with head offices, a sawmill and pulp mill in Kamloops, and sawmills at Vavenby, Lumby, Merritt, Princeton and Okanagan Falls.

## Six year old boy dies on snowmobile

A six year old Cardiff Township boy was killed last Monday when the snowmobile he was driving collided with a tree.

Jason Donald Townsend died of head injuries.

Police say the boy had been ice fishing on Buckskin Lake in Monmouth Township with his father, Kenneth, and a five year old brother. At approximately 2:30 p.m. the boy asked for and received permission to drive a 1974 model

snowmobile. He set off at high speed toward shore, 50 metres away. The snowmobile struck a rock and became airborne, then struck and snapped off an eight inch diameter tree.

The boy, who was not wearing a helmet, was pronounced dead at Bancroft Hospital.

Coroner Dr. Anthony Holliday-Rhodes has not ordered an inquest.

## Officials upset by Toronto Star story

A Toronto Star story which paints a grim picture of welfare recipients forced to serve on work gangs or have their payments cut off has drawn criticism from area officials, who believe the reporting is unbalanced and the facts distorted.

Written by Roy MacGregor and headlined 'Work or Welfare? The choice is between work gangs or no welfare, claim poor of Haliburton', the story is based on interviews with three men who have received welfare benefits and who have been employed on municipal work projects.

Their tales of woe create the impression that welfare administrators and municipal politicians in Haliburton are insensitive to people

who are genuinely unable to perform physical labour. But the story presents only one side of the issue, and makes no reference to welfare recipients who are satisfied with their treatment.

"I certainly regret the fact that there hasn't been a more compre-

hensive look at the situation"

Dysart et al reeve Murray Fearrey commented Tuesday. The story "gave Haliburton a black eye that it

them.

"The whole thing is just poorly done" Fearrey said. "You feel like you're in the hills of Kentucky".

Fearrey termed the story "a Davidson production", referring to psychiatrist Dr. Alan Davidson, who makes housecalls throughout the area.

"The words 'chain gang' and a number of other expressions in the article appear frequently in other correspondence relating to Dr. Davidson" Fearrey said.

MacGregor points out in the

## New Scout groups to begin in April

Scouting will come to the eastern part of Haliburton County for the first time early next month, when initial meetings of Beaver, Cub and Scout groups are held at the Lloyd Watson Memorial Centre in Wilberforce.

Maurice Bradley of Highland Grove has co-ordinated the effort to get the groups started, under the sponsorship of the Tory Hill Pastoral Charge of the United Church.

Leaders for the three levels will be installed on March 29 at the Lloyd Watson centre. Don Kennedy of Brighton, area representative for the Boy Scouts of Canada, will be on hand for the ceremony.

Bradley says the group committee, which will oversee Scouting in the eastern townships, includes "a good representation of the communities involved." Serving on the committee, in addition to Bradley,

Oil tanker needed help during Friday's snowstorm

## Record cold spell now over, warming trend to end month

Despite record breaking cold temperatures in the first half of the month, a warming trend which pushed temperatures up on Monday afternoon is expected to result in near normal average temperatures for March.

As of Monday there had been 12 days this month with below normal average temperatures, and four days with temperatures higher than normal.

On March 8 the mercury dipped to -35°C., the coldest low temperature on that date since record keeping began in 1881. The reading edged out the previous record of -34.4° set in 1972.

On March 12 the overnight low was a crackling -37.5°C., a record for the date, breaking the old record of -32.2° set in 1972. Day time high temperature on

March 12 also was the lowest ever recorded, -11.5°C., which broke the previous record of -8.9°C. set in 1896.

Rainfall to date this month has been approximately 50 percent above normal values, but only half as much snow has fallen than is average for the month.

Monday's high temperature was 5.5°C., well above the average reading for the date of 2.2°C.

If the month has seemed exceptionally cold, it might be because average March temperatures have been above normal for the past 10 years. At this date last year there was almost no snow on the ground. Snow depths in sheltered areas currently range between 35 cm. and 45 cm. The average for the date is 42 cm.

## Police news

### General

During the period March 12 to 18, 1984, personnel at Minden Detachment investigated the following occurrences: 16 motor vehicle accidents, in which one person was killed and five injured; and 20 general occurrences including three thefts.

### Roll-Overs

Two separate single car roll-over accidents occurred on Hwy. 35 in Stanhope Township last Wednesday morning. No serious injuries were incurred by the five persons involved. All were wearing seat belts.

At 12:45 a.m., 1 km north of Buttermilk Falls, Sherri Kearns, age 21, of Stoney Creek, lost control of her '78 Pontiac on the snow covered road. The car struck guide rails on the right, crossed the roadway, broke through the guide rails on the left, entered the ditch and rolled over. She received a scraped nose and her passenger was uninjured. The car was damaged \$3,000. She was charged with careless driving.

At 8:10 a.m., in Carnarvon, Elsie Bursey, age 73, of RR 2, Minden, lost control of her '83 AMC on an ice patch. The car crossed the highway, ran over a snow bank then rolled over. The driver, her two passengers Lilly Rawlins, age 69, and Albert Rawlins, age 68, of B.C. were treated for minor injuries at Minden Hospital. The car sustained an estimated \$4,800 damage.

## Dysart council

A regular meeting of the Dysart Municipal Council was held in the council chambers on Monday, March 5. Present were: M.G. Fearrey, Gary McKnight, Lloyd Leadbeater, Dorothy Baker, Sidney Cooper, John Parish, and Glen Hodgson. Council considered the following matters:

General accounts totalling \$84,620.48, Road accounts totalling \$50,810.10, and Social Services accounts totalling \$16,922.82, were approved for payment. Gary McKnight declared an interest in Voucher #7785 and refrained from discussion and voting.

The tender of G. Elstone Construction to sand and refinish the arcan auditorium floors in the amount of \$1565 was accepted. Work is to be completed earliest possible date.

The Reeve and Clerk were authorized to sign the Refinancing Package with the Ministry of the Environment covering the Haliburton Water Pollution Control Plant and related equipment in the amount of \$419,753.00. Net consolidated debt over 30 years as follows: \$147,230.60 at 10.375% and \$272,522.40 at 10% - subject to final determination of costs as of March 31, 1984 and review and confirmation by the Municipal Audit firm of Dawson, Gray, Dart Limited.

The quotation of Walsten Limited for on L 235D 4 x 4 Kubota Tractor together with BL 2551 Snowblower, Hydraulic Shute Rotator, TM 6 Bush Hog Lawn Mower, and Harris ROPS Cab was accepted in the amount of \$14,809.00 plus tax if applicable. This equipment to be paid for from Reserve #1.

Council had no objection to CMHC utilizing the existing driveway of Cecil and Doris

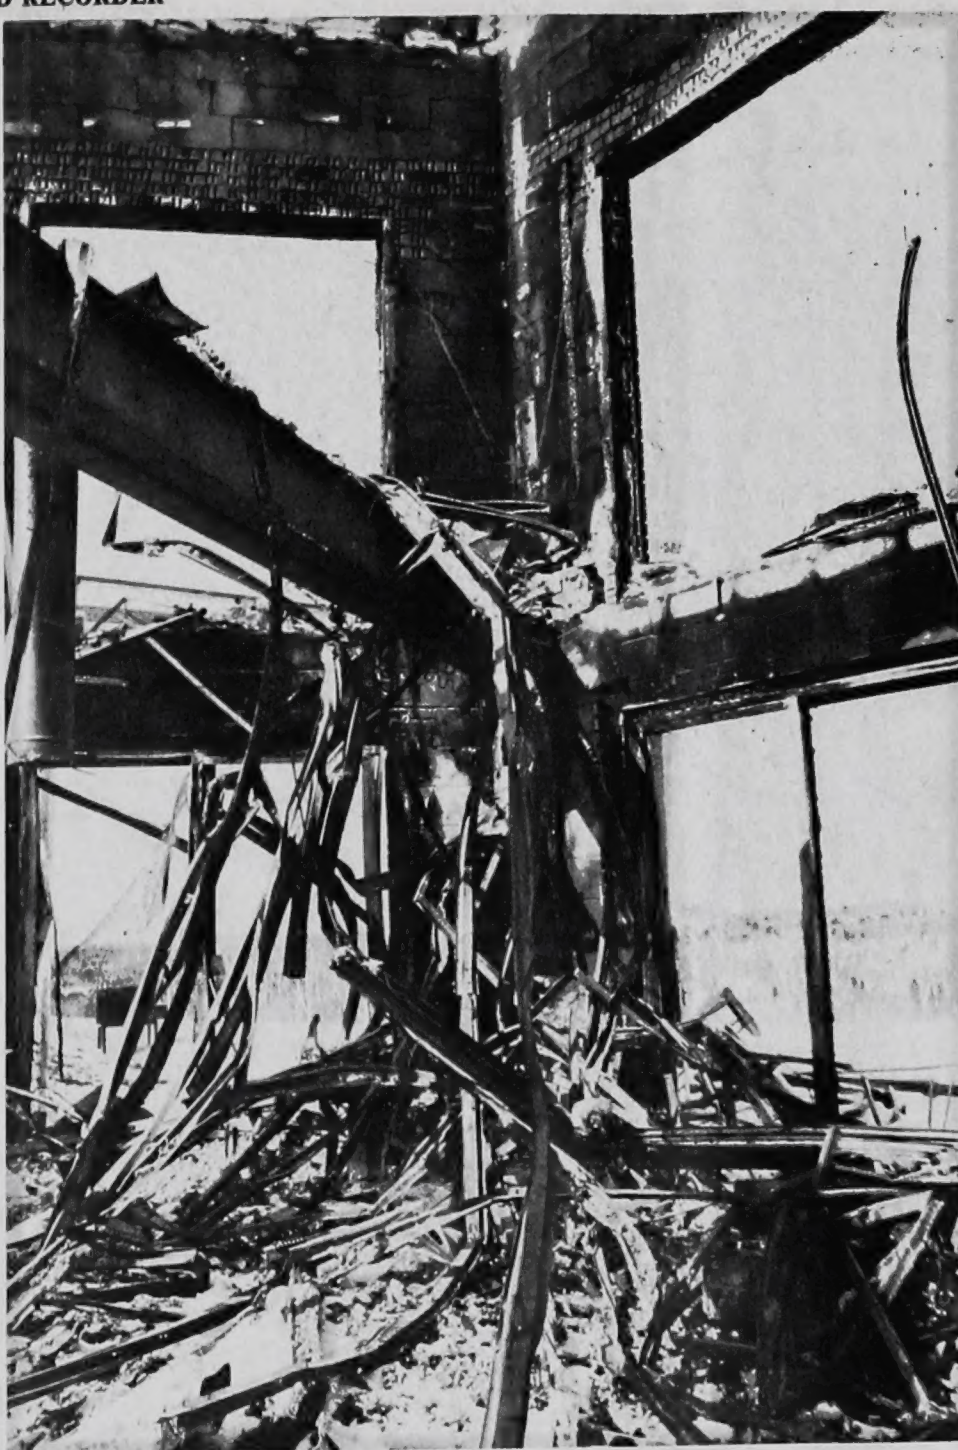

Winter together with an easement over the Winter lands to gain access to Lot 5, Block 6, Plan 1 (Haliburton) for the purposes of constructing a house. Alternatively, Council would have no objection to the owners of Lot 5, Block 6, Plan 1 (Haliburton) constructing a private driveway over, along or upon that unopened portion of Lakeview Street needed to gain access to their lands. Further, Council urged CMHC to proceed with this construction at an early date if possible.

The West Guilford Recreation and Community Centre Board for 1984 will be composed as follows: Perry Morrison, Carol Stamp, Greenville Barry, Susan Ripley, Wendy and Brian Armstrong, Brian and Anna Barry, Brian and Elsie Henderson, Marjory and Leslie Bain, Edward and Carol Duncan, Linda Morrison, Evelyn Stata and Bruce Medcalf.

The following were appointed Fire Wardens in addition to those already appointed for 1984 on December 12, 1983, and the Ministry of Natural Resources at Bancroft will be so advised: Jeff Prosser, Harcourt Park Marina - Full Fire Warden; Jacqueline Prosser, Harcourt Park Marina - Permit Issuer only; Mac Gadoway, Homecare Centre, Harcourt - Permit Issuer only; Nancy Dunford, Homecard Centre, Harcourt - Permit Issuer only.

Council concurred with the decision of the Planning Board re severance H20/84 Gary F. Vasey, Lots 17 and 18, Concession 1, Havelock. This equipment to be paid for from Reserve #1.

Council had no objection to CMHC utilizing the existing driveway of Cecil and Doris

Heat blackened brick and distorted metal give mute evidence of the ferocity of a fire that swept through a large brick home near Gooderham last Tuesday. No one was injured in the incident.

## Ministers to take action on acid

Environment ministers from across Canada have agreed that Canada will take further unilateral action to reduce emissions causing acid rain.

In a statement following a meeting in Ottawa of Environment Ministers, federal minister Charles Caccia said "Canada will proceed independently from the United States in developing a Canadian solution on the matter of acid rain and we hope that the U.S. will join us at the

earliest possible date."

Ministers reaffirmed their agreement on the need to reduce wet sulphate deposition to 20 kilograms per hectare per year, the level which lakes and rivers can tolerate without damage occurring. Reaching this level in the sensitive areas of Eastern Canada, including Haliburton County, will require emission reductions of up to 50% in Canada and major emission reduction in the United States. Ministers agreed

on a strategy of achieving a 50% reduction from 1980 allowable emissions by 1994.

Canada is already committed to a 25% reduction of SO2 emissions by 1990. This includes abatement measures at Inco in Sudbury, at Ontario Hydro and Noranda's copper smelter in Rouyn-Noranda, Quebec. It also includes reductions in SO2 as a result of switching from coal and oil to natural

Please turn to Page 14

## Anson, Hindon and Minden council

At a meeting of Anson, Hindon and Minden council March 18, the following matters were considered:

Bruce Conboy and Wilfred Ackerbladt were present to advise that Ontario Hydro were proposing to install the line from the Vankoughnet Road rather than the Bobcaygeon Road, therefore the area to be brushed was also changed.

Council agreed with the proposal from the Queen's Line Association with respect to the installation of hydro to service their members and further agreed to do the brushing according to Ontario Hydro's specifications along the road as outlined in the Assoc. request of March 8, 1984.

The municipality will organize a 'recycling centre' at the Scotch Line Landfill Site in co-operation with the aims and objectives of the Ministry of the Environment. The 'recycling centre' will begin as a simple shelter approximately 12' x 18' constructed of reclaimed materials and erected by volunteer and/or grant-subsidized labour. Only items of a nature that would not decay, rot, easily break or require extensive repairs (i.e. no glass, loose paper, stuffed furniture, scrap T.V.s) will be housed by the shelter.

The centre will cease to operate if guidelines that relate to tidiness, obvious use by the public and reduction in the volume-loss of the landfill site capacity are not being met.

The waste management chairperson shall be responsible to monitor the operation of the centre and make necessary reports and recommendations.

Ed Pergolas, Dave Stevens registered 'nay' votes to the resolution to establish the recycling centre.

A proposal from Jim Garbutt to collect the garbage from the 20 containers in and around Minden from May 15 to October 15, 1984 was accepted in the amount of \$2,376 and any extra containers will be considered on a pro-rated basis.

As a matter of policy during the formation of an

approved municipal budget, individual departments as designated by council, will submit their proposed budgets for council's discussion prior to approval by resolution of the gross municipal budget.

Jean Simonton of the Ministry of Citizenship and Culture attended regarding the procedure involved and the need to designate certain historical buildings, sites, landmarks, etc. for heritage purposes. A discussion took place with respect to the conservation policy statement to be placed in the official plan.

Council accepted the quotation of Cordell Interiors Inc. to supply and install floor coverings in the new municipal offices in the amount of \$2,104.55.

The clerk was instructed to contact the Association of Municipalities of Ontario (A.M.O.) and learn what measures, if any, are being taken with respect to the recent M.T.C. notifications of reduced allocations for 1984 and change in previously set 1983 allocations.

The following accounts were approved for payment: General, \$42,846.43; Water, \$1,812.91; and Sewer, \$3,479.69.

P.W.D. accounts in the amount of \$43,502.84 for the month of February were approved for payment.

Applications No. 1 and 2 for 1984, drawn pursuant to Section 496 of the Municipal Act, were approved in the total amount of \$385.48.

Council accepted a tender of Ormell Sand and Gravel to supply 14,000 cu. yds. of 5/8" crushed gravel off the belt for \$1.75 per cu. yd.

Council supported the initiative of the County of Haliburton to form a County Historical Society. A copy of the resolution will be forwarded to Reeve Davis of Stanhope Township and the clerk of all Haliburton County municipalities.

Councillor Stevens declared a conflict of interest in the following matter as he is the owner of Beaverbrook Golf Course Ltd. He vacated his chair.

The Reeve and Clerk were

authorized to endorse an agreement with Beaverbrook Golf Course Ltd. for permission to use property in Part of Lots 5 and 6, Concession A and Part of Lot 1, Concession 3 in the Township of Minden for the purpose of establishing and maintaining a cross-country ski trail for public use provided that the term of the lease is extended to March 31, 1986 with the option to renew thereafter year to year. The agreement will be reviewed by the municipal solicitor prior to endorsement by the Reeve and Clerk.

Councillor Stevens resumed his seat and the meeting continued.

Four tenders for streetlights were received as follows: J. Howe, Modern Electric, Pritchard's Electric and Minden Electric.

By-law 84-7, a by-law to provide for the rules of order of the council and its committees, was passed.

By-law 84-8, a by-law to authorize an agreement with part of the Township of Snowdon for fire protection, was passed.

By-law 84-9, a by-law to close, stop up and convey a portion of the original shoreline allowance for road adjacent to Canning Lake in Part of Lot 9, Concession 1 in the Township of Minden in the County of Haliburton, was passed.

Council adjourned at 6 p.m.

## Witnesses gather for symposia

Members of the local congregation of Jehovah's Witnesses were among the many who gathered in Norval last weekend for one of their regular bi-annual assemblies. The theme of this assembly was "Living No Longer for Ourselves" and was developed by talks, demonstrations and symposia.

Robert Alton, District Overseer for Southern Ontario, addressed a crowd of 1732 on Sunday.

On Sunday, 20 underwent baptism by total immersion

## Officials upset by story

from page 1  
article that two of the men whose story he tells are patients of the psychiatrist.

Fearrey said he was "shocked" at the picture accompanying the article, noting that in his view "it summarizes the credibility of the story".

"By that I mean showing persons in a work zone without any regard to the Occupational Health and Safety Act" which requires hard hats and work boots on job sites.

Fearrey also commented that he is "surprised at the writer publically exposing people's privacy who

are in need of assistance", since welfare records are not available to the public.

Victoria/Haliburton MPP John Eakins said he believes the article was "very unfair to Haliburton".

"Had it not said 'Haliburton', I would have thought it was some far off country" Eakins said.

Eakins said he frequently receives calls from people in need of welfare benefits, and that he has never had complaints from any of them about 'slave labour gangs'.

Eakins said the article is "sensationalism".

"I just wasn't impressed with it at all" he said.

## Anglican Church members plan expanded facilities

Members of St. George's Anglican Church in Haliburton are laying the groundwork for a proposed expansion of the church's facilities. Reverend John Phillips said "varying avenues are being explored" to provide more space for parishioners.

"The congregation has outgrown the building" Phillips said. The church seats 120 people, including the choir, which is "half the size that it should be".

Preliminary discussions have focussed on alternatives, Phillips said. These include tearing down the existing church and building a new one, or construction an addition that would provide more seating space in the church, offices, and larger quarters for the Sunday school. An effort would be made to

preserve the heritage of the present church, and to maintain its view over Head Lake, Phillips said.

By May, church members hope to have decided on a course of action, Phillips said. Then plans will be drawn up and approved by parishioners. Construction could begin next spring, Phillips said.

Funding arrangements have yet to be determined. The Diocese of Toronto would provide some assistance, Phillips said, but the extent of their contribution will not be known until detailed plans and cost estimates have been obtained.

The expansion would present "a major fund raising challenge for the whole parish community" Phillips said. But he termed the proposed project "an exciting happening for the church."

## New Ag. Society planned

An agricultural society to serve south eastern townships in Haliburton County will be formed next Tuesday night in Wilberforce if there is sufficient support from the public.

Maurice Bradley of Highland Grove, one of the initiators of the concept, said that if the turnout at the Lloyd Watson Memorial Centre is large enough, a board of directors for the new society will be chosen.

Main purpose of the society would be to organize an agricultural fair in conjunction with the annual Country Good Times Festival in Wilberforce. It would be a Class 'C' event, Bradley said, including all of the traditional competitions with the

exception of large draft horses and cattle.

"We're kind of excited about it," Bradley said.

Existing facilities adjacent to the Watson centre are adequate for staging most of the events, Bradley said. The only structure missing is a building for some kinds of livestock, and the society would make it one of their goals to get an appropriate structure in place.

Monmouth council supports the concept of the society and a fair in conjunction with Good Times, Bradley said.

Organizers are hoping for a large turnout at the initial meeting next Tuesday, March 27.

## Meeting on museum set

A county-wide historical society may be formed Thursday night at a public meeting to take place at Wig-A-Mog Inn.

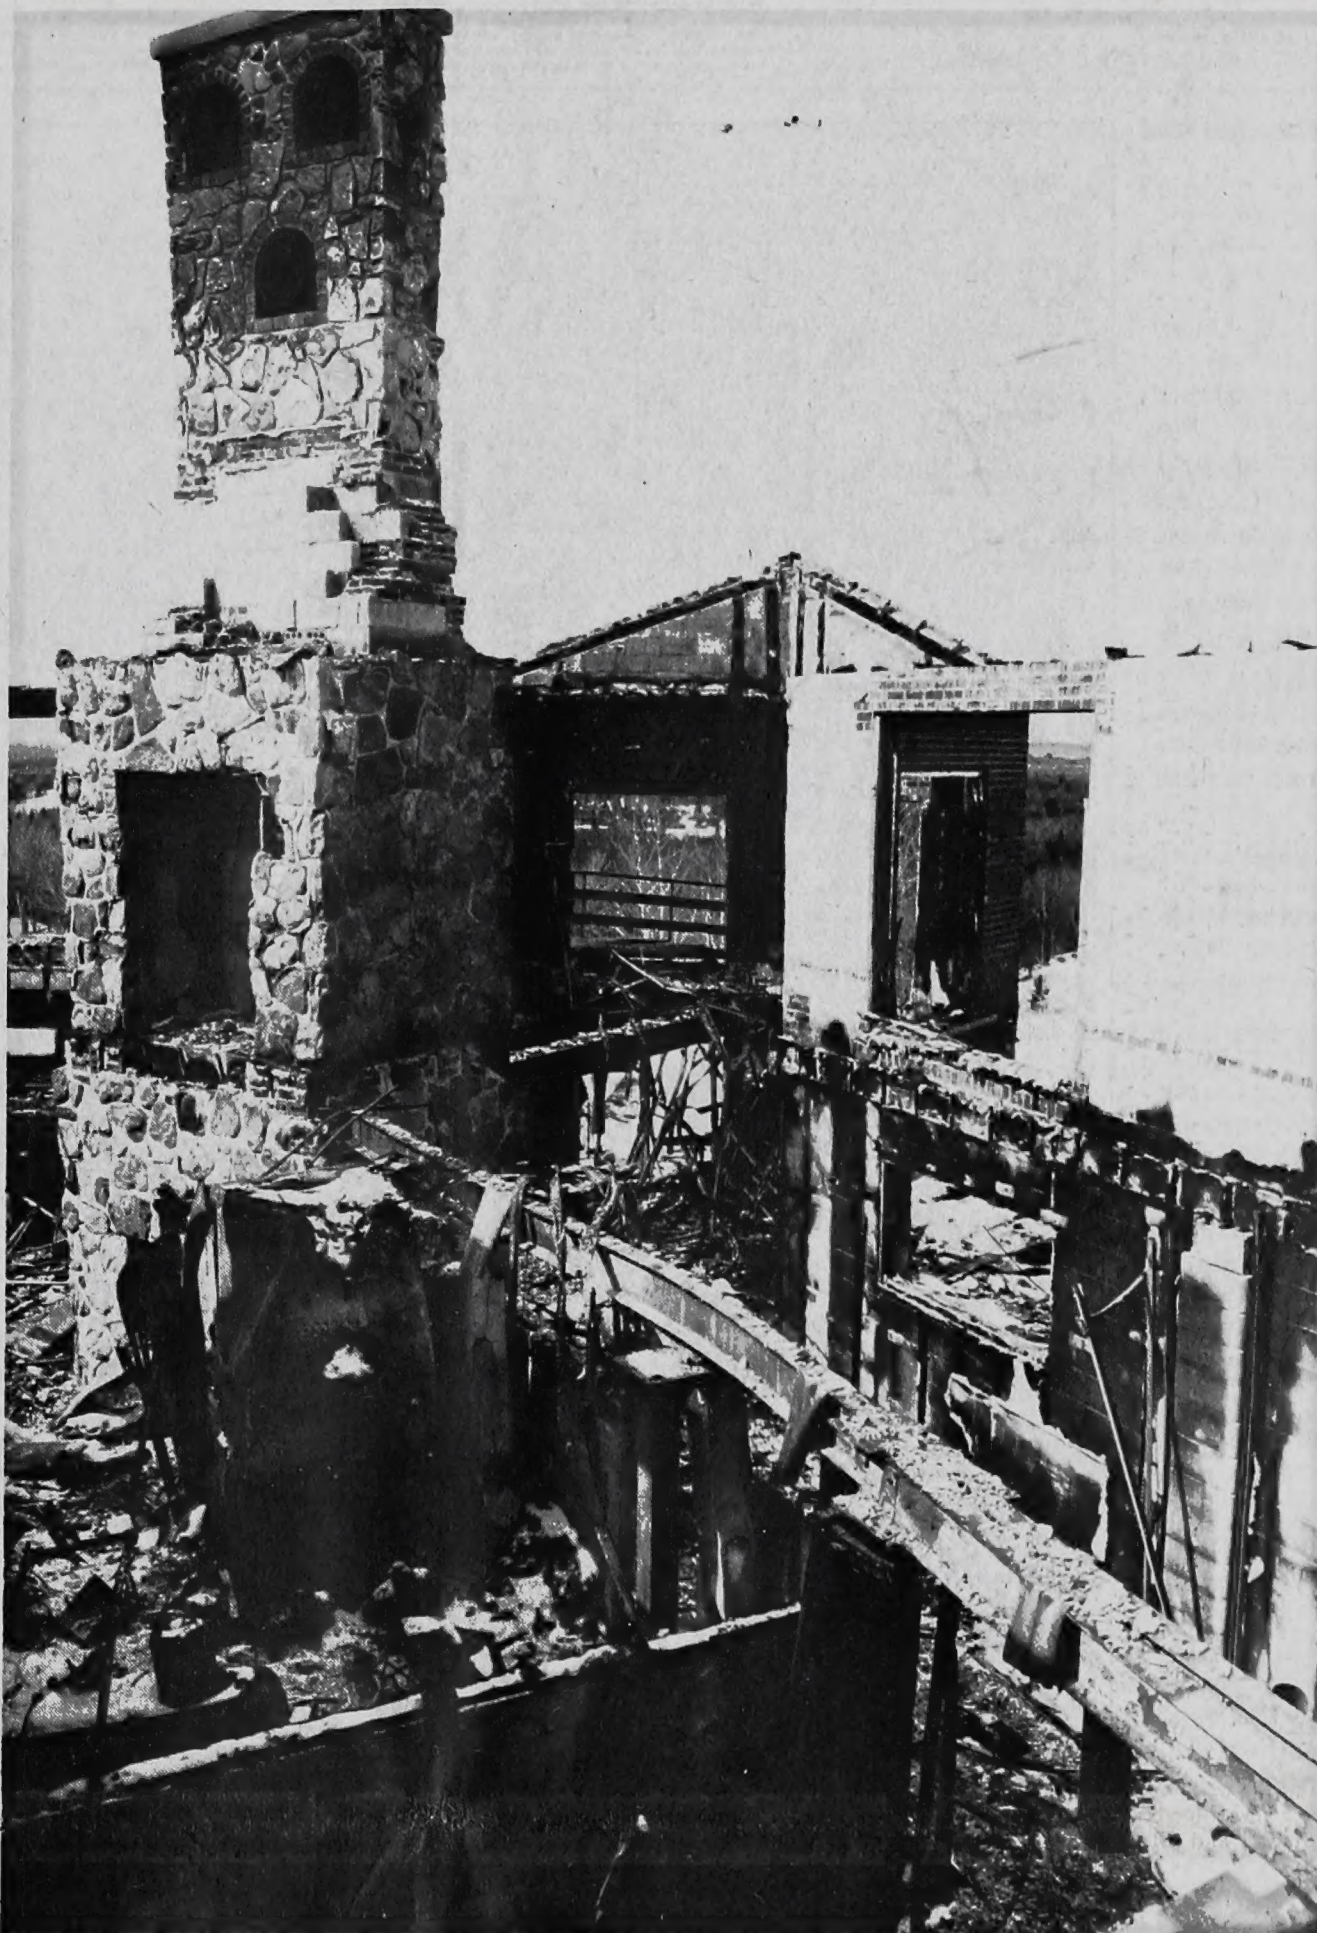

Stanhope reeve Harry Davis, who is organizing the meeting, says an executive will be elected if there is sufficient interest in the idea of a Haliburton County historical society.

Representatives of the Ontario Historical Society and the provincial Ministry of Culture and Recreation will be present to comment on the

role of a local society in preserving and improving the Kanawa International Museum of Canoes, Kayaks and Rowing Craft.

A county-wide historical society could serve as an administrative body for any government financial assistance which may be available to improve the existing museum facility or relocate the collection to a more accessible site somewhere else in the county.

The public is invited to attend the meeting, which gets underway at 8 p.m.

Twisted beams, melted glass and fallen masonry were all that remained of an expansive house near Gooderham after fire completely engulfed the structure last Tuesday. Glamorgan firefighters were

called to the scene after a passing motorist noticed flames leaping from the roof and turned in the alarm. Damage to the structure was estimated at \$200,000.

## Eakins opposes changes to local riding

Proposed changes to the electoral boundaries of the provincial Victoria/Haliburton riding do not sit well with MPP John Eakins. Eakins said he plans to speak against the changes at a public meeting of the Ontario Electoral Boundaries Commission in Peterborough on May 3.

Under the proposal, made public in an advertisement this week, the townships of Dalton, Carden and Manvers would be dropped from Victoria/Haliburton, even though they are part of Victoria County. Dalton and Carden would be added to the riding of Simcoe East if the changes are approved, with Manvers being added to the Durham East riding.

"I see no good reason why" the changes have been proposed, Eakins commented Monday from

his Queen's Park office. "I think it's a backwards step."

Eakins said the new boundaries would disrupt the county system, because townships in Victoria County would be divided among three ridings and three MPP's.

"I just don't think it serves people of the county very well" Eakins said, "or the other elected officials" at the municipal and county level.

Eakins said he is not alone in objecting to riding boundary changes proposed by the Commission. Even some government members are not in favour of suggested realignments of their ridings.

To many people, the changes are not very satisfactory" Eakins said, noting that they appear to be "change for change's sake".

The Commission's proposals include the elimination of some rural ridings and the creation of new urban ridings.

"The losers are going to be the rural people" Eakins commented.

## Scouts forming

from page 1

are Ed Taylor of Gooderham, Ken Noble of Essonville, Clarence Bradley of Wilberforce, and Dan Erickson of Harcourt.

At least 26 boys from the area have indicated an interest in joining Beavers, Cubs or Scouts, and more are coming forward as the startup date approaches, Bradley said. Youngsters from age 5 to 15 are eligible to take part.

## Report to consider area water levels

An Appraisal Report on Trent-Severn Reservoir Lakes and Waterway Systems is being prepared for the Haliburton Highlands Water Levels Committee by a sub-committee headed by J.G. (Jerry) Strickland, Past President of the Federation of Ontario Cottagers' Association Inc. Assisting Strickland will be Bev Robinson of Boshkung Lake and Murray Balkwill of Drag Lake in consultation with many others.

The appraisal report will be used by the Haliburton Highlands Water Levels Committee in talks with Provincial and Federal Ministers, their representatives and others. The report will include an inventory of existing concerns and constraints in the watershed area and system, a review of the operating criteria for the existing watershed system, and an identification of measures that will improve and provide effective management of the watershed area and system.

Target date for the completion of the report is early April, 1984.

## Dysart, CUPE local meet on contract

A tentative agreement has been reached between Dysart et al and local 2142 of the Canadian Union of Public Employees. The agreement was worked out Monday night, but has yet to be ratified by the workers.

Reeve Murray Fearrey said wages were the only item negotiated in the contract, with all other conditions remaining the same.

CUPE local 2142 represents 22 municipal road and office workers.

## Bill Scott will serve on tax task force

Victoria/Haliburton M.P. Bill Scott has accepted an invitation from the Progressive Conservative Task Force on Revenue Canada to join them on their tour to Western Canadian cities. Scott will be a member of the Task Force at hearings in Vancouver, Cranbrook, Calgary and Saskatoon on March 19, 20, 21 and 22.

As in hearings which have already taken place in Ontario and the Maritimes, the Task Force, set up by Brian Mulroney, will conduct public meetings in order to give Canadians an opportunity to express their concerns about the department's treatment of taxpayers.

In a press release announcing his appointment to the committee, Scott commented that as Deputy Spokesman for National Revenue in the P.C. Caucus and a long time critic of the practices of tax collection in Canada, he was "pleased to join the Task Force in its deliberation."

"I am confident we will return with constructive suggestions for the Government and hopefully be able to convince them to finally allow an open Parliamentary inquiry into the practices of Revenue Canada," Scott said.

## Editorials

### One sided

Local officials were upset earlier this week by a story that appeared in the Monday edition of the Toronto Star, and they had a right to be. The story fostered the impression that Haliburton is an area of crushing poverty, hard hearted welfare administrators and 'slave labour gangs', to repeat a quotation. What rubbish. If the writer had taken the time to look into matters a little more fully, he might have been less inclined to regurgitate so enthusiastically the views of three or four individuals. He might have recognized that just as society has a responsibility to aid those who are legitimately unable to support themselves, its elected and appointed officials have a responsibility to guard the public purse against welfare abusers.

There are not, and never have been 'slave labour gangs' in Haliburton County. There are, however, government funded make work projects which, although more physically challenging than a trip to the municipal office to pick up a welfare cheque, afford people a chance for gainful employment. It is highly unlikely that anyone with a genuine physical problem would be 'forced' to operate heavy, dangerous machinery or have their welfare benefits cut off. It is possible however, that the system may root out those who would rather sit back and let the state look after them than contribute to society.

Mistakes can happen, of course. And the people quoted in the article may have legitimate complaints. But taking problems to the Toronto Star is hardly the best avenue for solving them. It is difficult to imagine what the writer, Star editors, and Dr. Alan Davidson, who is quoted in the article, hope to accomplish by presenting Haliburton County in such a bleak light. If the article is intended to raise the hackles of those readers who possess an exalted social conscience, it may succeed. But it also has angered and frustrated those with a broader knowledge of county conditions than the writer took the time to acquire.

Such an article does nothing to enhance the reputation of the writer. It does nothing to improve social conditions within the county. And it does nothing to bolster the credibility of the Toronto Star.

### No change

A provincial commission's proposal to alter the riding of Victoria/Haliburton by dropping three southern townships and assigning them to two other ridings does not appear to make much sense. Changes sometimes are necessary because of population shifts, but with respect to Victoria/Haliburton, this does not appear to be the case.

MPP John Eakins says he is not in favour of the proposed new boundaries, and his argument makes sense. He points out that the three townships that would be dropped are part of Victoria County. If the change is approved, Victoria County would be represented by three MPP's instead of one. That will only lead to confusion.

Eakins says he will argue against the new boundaries when the Electoral Boundaries Commission holds a public meeting in Peterborough in May. It is to be hoped that his arguments will find favour with commissioners.

### A good idea

There was some good news to be found among the bad this week, good news for young people in the eastern part of Haliburton County. A group of men are about to get Scouting started in Wilberforce. Success will depend on commitment, not only from leaders, but from parents and youngsters. Leaders are ready to do their part. It is to be hoped that parents and boys will help ensure that the group committee's work will not have been in vain.

## Letters to the Editor

### To the Editor:

Recently our School Board adopted a policy requiring persons or delegations wishing to approach the Board to do so through various Board committees. As a result, any members of the public, parents and ratepayers alike, are denied direct and formal access to the decision making body for our school system. Further, the public is now dependent on a third party, the specific committee involved, to carry their issue with the same motivation and conviction to the Board. It is also equally important to know that public exposure of the issues and the process by which they are resolved is effectively suppressed as committee business is transacted at the exclusion of the press.

One Board trustee explained to me that this policy was adopted to alleviate the "awkwardness" the Board felt dealing with such matters as the Victoria Street Grade 3 transfer issue in the public forum of a general Board meeting. But surely this "awkwardness" of dealing with issues in a public forum is second nature in all levels of democratic government. Board trustees were aware of this "awkward" aspect of public office when they stood for election and should abide by the political proverb "If you can't stand the heat, get out of the kitchen".

In previous editorials Mr. Editor you expressed concern that too little of local council's workings were exposed to the public. You went on to say that councils must openly provide enough information to ensure that the public could judge the effectiveness of their elected representatives. Certainly this must also apply to our elected Board trustees. I expect this was the concern of consumer advocate Ralph Nader when he coined the phrase "Information is the currency of democracy". This serious erosion of the public's right to be informed and to directly participate in the decision making process of our school system must not go unchallenged.

Paul Dillon  
Haliburton, Ontario

### To the Editor:

Mr. Pizzev of The Echo puts it nicely. As much as a \$40,000-plus mechanized shovel pales beside the national headlines of Lebanon or Ireland, nonetheless it is as he states, "the stuff of local politics".

Mr. Pizzev says further that to question the decision to purchase the backhoe is to "demonstrate a lack of confidence in the committee". I've heard that argument a lot lately, and the change in tone of voice when the word "confidence" is reached leaves no doubt that it is being spelled F.A.I.T.H. "You don't have faith in your fellow councillors".

Now nobody has come to realize more than myself just how valuable committees are to a municipal government. Mostly they are comprised of volunteers and municipal employees being paid no extra for the after-hours committee work they labor at. Hundreds of thousands of dollars could not pay for the time and efforts such expeditors give freely to this County's recreational facilities, libraries, art galleries, and yes even public utilities. Municipal government, however, is not ordained, and the issues at hand have less to do with faith and more to do with first justifying a need to purchase a backhoe and if that can be done then deciding what funds should be used for such a purchase. Committees work ceaselessly to maintain the nuts and bolts holding countless municipal operations together. At various times they are required to submit proposals to a governing body for approval before proceeding. For council to merely rubberstamp such proposals may reinforce someone's love of 'faith' in politics, but it does little to reinforce the responsibilities of elected office.

Faith, I suppose, would mean to some that an often quoted comment, i.e. "Minden has the lowest water rates in the Province", should be enough to warrant use of surplus water revenue as an investment portfolio for the purchase of a backhoe that will in turn be rented to other municipal departments. I prefer to temper my faith with some homework and open debate. Ten random phone calls resulted in the contradictory evidence that Minden has very reasonable rates (five of the municipalities contact have rates that range up to 25% higher), but by no means "the lowest in the Province" (four have rates that are up to 40% lower). So it would seem there is room for improvement if we wanted to take the task on.

May I also point out the following:

1. How can the Deputy Reeve claim recently to see "pads" in the Arena Board budget and not account for the obvious padding in water rates

## Feir Play

Creighton Feir

Jasco Drug Mart, Canada's newest drug store chain is introducing its store in the Haliburton area. It has been known to you as Haliburton Pharmacy for the past eight years and will now be known as Jasco Drug Mart, Haliburton.

Jasco Drug Mart is a new Canadian drug store with its own marketing philosophy. Each store will be tailored to meet the needs of the people in the community it serves.

The Jasco Drug Mart credo is to offer its customers value, selection and service. In the past year Jasco Drug Marts have devoted themselves to improve the depth and quality of the products carried and to offer these at prices which ensure excellent value. Jasco Drug Mart has refurbished the stores to ensure their customers a comfortable environment in which to shop for their drug store needs. The decor is distinctive the ambience is stimulating, and the store is maintained in a clean and bright condition.

The Jasco Drug Mart pharmacists, Gord and Sharon Woolsey and merchandising manager Janice Chambers and their staff are the same friendly people who have served their customers for many years and still look forward to offering fine professional service and advice on drug store products in the future.

With the initiation of the Jasco Drug Mart chain in the Haliburton area, Jasco Drug Mart plans to expand into both new and existing markets across Canada.

Jasco Drug Mart invites everyone to visit its Haliburton Pharmacy for a new experience in friendly drug store shopping.

Jack Austin Drugs Limited, a Canadian company, has been in the forefront of Canadian drug store retailing for over 23 years across Canada. They operate Woolco Pharmacies and health and beauty aid departments in Ontario, Manitoba, Saskatchewan, Alberta, British Columbia and Quebec. The facilities of Jack Austin Drugs Limited in terms of buying, advertising and management will be fully utilized in the Jasco Drug Marts.

Some of the side roads and highways in the county have started to heave and potholes abound wherever you look. Some motorists tell me that some roads are worse than others with the worst yet to come.

Some 22 teams participated in the Jack Robertson Memorial Curling Bonspiel held at the Haliburton Curling Rink on Wednesday, March 7. Haliburton Rotary had six rinks entered, Haliburton Legion three, Haliburton Kinsmen three, Haliburton Seniors two, Haliburton Masonic Lodge one, Fenelon Falls Rotary three, Minden Rotary two, Wilberforce Kinsmen one and Minden Hydro one. There were, six more rinks entered in this year's spiel over last year. This year's special event was the Seagram Double Take Out Trophy which was won by Merv. Mintz who was a member of Randy Colliver's foursome. Jack Robertson was a dedicated Rotarian and an ardent curler and this bonspiel named after him is growing each and every year it is played.

Some of the local hockey fans were telling me the other day that our own Bernie Nicholls of the Los Angeles Kings went out and bought a race horse and I understand that the horse will be in it's first race down in the Los Angeles area in May.

Bob Nicholl told me the other day that the Kinsmen Club of Haliburton are making plans already for their annual Vacation and Home Show which will be held at the arena in Haliburton on June 8, 9 and 10. Walter Thomas will be out and around very soon selling space for booths for the upcoming show. Walter can be reached by calling 455-1996. Bob went on to tell me that they are looking forward to a really big show this year and one of the added features will be a draw for a \$1,000 worth of merchandise. Anyone wishing more information on this big event can get in touch with Bob Nicholl at Haliburton.

The semi-final round being played between the Haliburton Atoms and the Millbrook Atoms in OMHA playoffs is producing some very low scores. In the first game played at Haliburton on Friday, March 9 Haliburton eked out a 1-0 shutout and in the second game played in Millbrook last Thursday night the Millbrook boys evened the series at one game each with another 1-0 score. The young Atoms who have come up with a great team this season have been hanging in there all season long and they are the only Haliburton hockey team still left in the playoffs.

The 4C's will be having their third birthday party on Saturday, March 24 and the organizers are planning a big time for the occasion. The 4C's building is located across from the Good Medical Centre in Haliburton.

The March break which was held last week always gives those who want to get away for a few days and beat the winter blues the opportunity to do so. It would appear that more people than ever from Haliburton took advantage of the holiday to get away. It was really quiet in the village itself during the week and without a doubt there were many more people who went away on a holiday, compared to the few that came into the Highlands.

## Pic of the Past

The sugar making season will soon be with us here in Haliburton County. Up to this time the weather has been anything but ideal for

making maple syrup. For the sap to run we need warm days and frosty nights. Wilfred Mason of R.R.2, Minden, was kind enough to send us the above photo showing Lon Upton on the left and Alfred Mason on the right in Mason's sugar bush near Boshkung Lake in the spring of 1914. The picture was taken by Harold Spenceley, a school teacher at that time at Boshkung, Ontario.

## More letters

from page 4

that resulted in annual surpluses totalling \$68,881.55 at December 31, 1982?

2. There is no, that's no as in zero, verification by any department supervisor that indeed a backhoe will be used for 100 hours, let alone the 200 hour figure that is bandied about. That 200 hour figure was a number I suggested as a minimum required useage and it was made at the only previous discussion of the subject ever held by council. I have never owned or operated a backhoe in my life, yet that unverified number hangs on with a significance that bewilders me. Would it not be proper to base a decision on the known previous rentals of a backhoe?

3. The only previous discussion of this subject by council occurred for five minutes (with one member absent) around the coffee urn prior to a regular meeting of council. That discussion resulted in a decision to ask for tenders; no commitment was made to purchase.

4. In April, 1983 during discussion of the surplus funds, the Water Utility Committee chairman explained the money was earmarked for replacement of existing water mains with improved pipe ('transite' type) and increased ground cover (to eliminate frozen lines). If this was a priority in December, 1982, what happened in 1983 and 1984 to forestall such an obvious improvement to the system?

5. As The Times rightly points out, the leaky economics of \$40,000-plus spent outside the County versus contracted rentals to local ratepayers is a valid point. Another is the catch-22 situation of an operator. There is clearly no extra employee available to be trained and tied to a backhoe for duty 'on call'. The Roads crew is two persons less in 1984 than 1983, and in my opinion should remain at such a size while improving work

efficiency. To hire another crewman/backhoe operator will involve extra expense and the 'invention' of duties when he/she is not operating the backhoe. There is no doubt another employee can be 'hidden' on the books; it's been done often enough already. The point is should it be done?

6. On December 22, 1980, a report was tabled at council showing an accumulated deficit for the Water Utility of \$33,261. On March 11, 1981, water rates were increased \$11.30 per home to reduce the deficit. On January 27, 1982 the committee chairman announced the deficit had increased to "more than \$40,000" and outlined a plan to eliminate the deficit in five years. On June 23, 1982, the chairman stated, "The water system is in worse shape than I ever dreamed it was", and cited an outstanding debt of \$58,000 for construction costs in 1977 that had just come to light. Now, the Utility shows an accumulated surplus of \$68,881.55 to December 1982 and proposes to invest most of that surplus in a backhoe purchase rather than retire some of the outstanding debts that at current debenture rates will at least triple the costs by the time they are paid off.

I respectfully submit that justification has not been shown for a backhoe purchase, and should such be shown in the future the purchase should be shared by all ratepayers (as is the case with the municipal grader) not by 377 water subscribers. There would seem to be enough ways, both physically and financially, the surplus can be put to work for the benefit of those supporting the water system.

Yours very truly,  
Gary Kenney  
Blairhampton

## Federation of Ontario Naturalists

By Arlin Hackman

Outside my train window a late winter sun is stripping the rich Southwestern Ontario croplands of their snowy cloak. Spring runoff will soon begin clearing the way for a new cycle of planting and harvesting in Canada's breakbasket. It will also open a new season of soil erosion which seriously threatens our ability to feed ourselves.

It all seems a little remote as the freight cars thunder by the other window, laden with produce from California and Florida. But the fact is, our best agricultural soils are being borne away at an alarming rate. Water erosion is the major cause for concern, scarring the landscape and polluting even the Great Lakes, with agricultural chemicals. Wind also inflicts severe damage. One recent field study near Hillsburg, Ontario found that as much as one centimeter of soil was removed by a single storm.

The costs are enormous. A 1982 Ontario study showed that reduced crop yields, and nutrient and pesticide losses alone, amount \$68 million every year. The associated decline in soil productivity paints a gloomier picture still, since the bulk of all food production is affected.

Soil erosion is a natural process, of course, and no real problem in undisturbed ecosystems where protective plant cover helps keep soil regeneration and erosion in balance. But over the past 20 years, rapid technological changes resulting in a massive expansion of row crop production (especially corn and soybeans), and a corresponding decline in forage crops and pastureland, has disrupted this balance. Additional neglect of soil conservation practices has set the stage for disastrous depletion of the rich organic surface horizon of our soil base. In effect we are mining the soil, since nature takes literally thousands of years to generate a few inches of it.

Once the organic surface layer is gone, less fertile subsoils serve as the cultivation media. By nature they also have lower water storage capacities, poorer infiltration, poorer structure, hence greater artificial manipulation is needed (e.g. fertilizers) to maintain productivity levels, and agriculture becomes a very precarious business.

Stepping off this merry-go-round is difficult for the average farmer. In many cases the adoption of erosion-control practices may not prove cost-effective even though the writing on the wall gets clearer with every inch of lost topsoil and the corresponding decline in output. Remedial action such as improved tillage, crop rotations, conservation practices, grassed waterways, and sod buffer strips, must also be tailored to the individual site. So no single program will solve the problem.

## Queen's Park Report

The Ministry of Education is the latest example of how the Ontario government's tendering guidelines continue to be ignored by different ministries. Violation of the rules appear to be a widespread phenomena among these ministries.

The latest case involves Sherriff and Associates, technical consultants for a Ministry of Education Apprenticeship Training Computer System. On September 7, 1982, they received an untendered contract for \$14,000 to provide technical assistance in the research and identification of problems in the computer program coding structure. Among the reasons given for their engagement was "Sherriff and Associates were available", having just completed another Ministry assignment, and that the contract was under \$15,000.

Interestingly, the problems could not be rectified for \$14,000 and the contract was extended for an additional \$17,100 without tender and without seeking an exemption from Management Board. While it may be difficult to ascertain whether this contract was in fact artificially split in order to avoid the need to tender it initially, there can be no question that the renewal of the contract should at the very least have been brought to Management Board's attention, and an exemption sought. Once again, the government's much

vaunted rules are ignored by the Ministry, and the Management Board Chairman, Mr. McCague, remains silent.

A second example of the Ministry of Education's management style is revealed in a contract with A. Tobias Associates in training for operators of the Ministry's word processing network equipment. Initially, Ms. Tobias was paid \$7,200 "to conduct training sessions for staff". Subsequently, and at the same time as she was holding staffing training sessions, she was hired for \$15,000 (\$13,590 expended) "to develop a training program and manual for word processing equipment". Subsequently she was paid an additional \$11,400 for "instruct(ing) staff at all levels in the use of word processing network equipment". In all cases, there were no tenders, and no exemptions sought from Management Board.

Presumably, the Ministry had some idea of training needs in the department before Ms. Tobias was engaged. If they realized they had to train staff, they should have tendered the whole contract. Either the Ministry staff exercised questionable planning, or rules were wilfully violated. This is a further example to call into question the management practices of the Davis government.

## From the Chamber

Our 1984 Summer Accommodation Guides are back from the printers in record time. Over 200 have already been mailed out to individuals who had requested the information previously. Literally thousands will be sent out this week to various information and distribution centres throughout Ontario and to American outlets. Individual solicitations have come from England, West Germany, Saudi Arabia and Puerto Rico as well as many American states and of course, all over Canada. We would like to thank Dymont-Stubley Printers of Orillia for doing a fine job and making our "S.A.G.S." ready in time for the Sportsmen's Show where thousands more will be handed out.

Talk about immediate impact!, a Sportsmen's Show visitor to the Highlands booth on Friday, March 16 dropped into the Chamber office Saturday, March 17 with his wife and three children for more information on skiing and fishing.

Emily Skinner and Mike Kitchman must be doing a great job of promoting down there. They also reported an enthusiastic response to our County Trade Dollars and asked for more to be sent down. Unlike most commemorative coins which increase in price after the year is up, ours has remained at the original price, much to the delight of dedicated collectors.

Cattails and Bulrushes - There is an interesting article in the Sportsmen Magazine from the Sportsmen's Show about experiments being carried on by the Saskatchewan Research Council in Saskatoon. "They were looking for a viable sewage system which is economical for small towns. They have found that if these two plants are planted in sewage lagoons of towns with populations of around 5,000 and winter sewage released when the new plants appear in the spring, that in six months their roots consumer twelve months sewage, leave the water pure, and for some unknown reason, eliminate the foul odour. These plant's roots produce an antibiotic substance that attacks and kills human and animal bacteria. The root system also absorbs dangerous chemicals present in domestic sewage, and, in some cases, breaking them down into harmless elements." It was also pointed out that the reeds secrete a larvicide that repels mosquito larvae. The article goes on in detail on how the plants can also be used for food, weaving, making toys and starting fires.

C.B.C. Helps? Promote the Highlands - You can get your Tuesday morning smile at 8:20 a.m. every week on the C.B.C. radio Morning Side Show when Doug Ryan of Tock Lake (just northeast of Dorset) does his Muskoka (excuse the expression) - Haliburton Report. Doug insists that all the official maps are wrong and he actually resides on Otter Lake but other than that he usually has some interesting commentary on proceedings in this county; often very tongue in cheek. In recent reports he has given his view of the Ingoldsby Bridge, questioned if Minden could come up with the bucks or enough doe for their Deer Park and made innuendos about the seniors at Hyland Crest pulling fire alarms. We love you Doug and appreciate the exposure.

Since their visit here last fall through the Chamber Weekend in Haliburton Promotion Contest and sports announcer, George Duffield's visit to The Snowarama, Bob Bert, producer and Alan Miller, host also give us the "odd" plug. Although they still don't know where Wilberforce is located, they do have Ron Gambell's number. You may have heard them on February 24 discussing the ice races at Minden and wondering if Gambell's Used Cars would be on the track.

Would you like to take up the Brezina challenge? Well your chance has finally come. To enlighten those of you who read this column in places other than the Minden Times, the editor, as we recall offered a free subscription to his paper if you could catch him without a "Minden" on and you in turn could show him yours. It is all part of the A.H. & M. 125th anniversary celebration. On sale at the Chamber now is the official Anson, Hindon and Minden lapel pin designed by Sharon Barclay of Carnarvon for \$1.00 each. This is your opportunity to do it to Jack.

It may be the second day of spring but we're thinking "Fall" here at the Chamber. You may be aware of the Ontario Governments books of "Events" that are printed for each season of the year. The information therein has to be submitted months in advance. The Countys Summer Events were submitted in February and now the Fall Events must be collected, expanded upon, colated and prepared. We are asking all the organizers out there to please start now to send us the expanded details of whatever you may be involved in, be it displays or exhibits in your galleries, Thanksgiving weekend celebrations or dinners, demolition derbys, slaloms, fly-ins, antique car rallies, enduros, hill climbs, Octoberfests, Jubilees, Hallowe'en Dances, Hunters Balls, Crafts Conferences or Apple Days. We can only pass on the information which we have received and the Government information is often the source for the media people in larger areas to pick from. It could mean a lot of free publicity for your particular interest if you would take the time to write us with the details now.

Pitch-In \$84 - May 7-13 Keeping Ontario beautiful is a responsibility that we all share. The annual Pitch-In campaign has encouraged thousands of Ontarians, both young and old, to voluntarily clean up the unsightly litter that frequently accumulates during winter months. The Ministry of the Environment is joining the 46,000 members of the Ontario Federation of Anglers and Hunters in sponsoring a Pitch-In '84 and the event is being staged as a bicentennial event of the Ministry. Saturday, May 12th will be "Pitch-In Day" and any school which wishes to participate in the campaign by mounting special environmental projects has the enthusiastic support of the Ministry of Education. Information kits will be available, please contact Pitch-In '84, 2nd Floor, 245 Davenport Road, Toronto, M5R 1K1. Complimentary garbage bags are available to participating non-profit organizations while

## Bishop and Wilson win, championship is theirs

Bishop and Wilson did what almost no one thought they could do on Monday night when they wrote the final chapter of their rise from a lack-lustre season to the championship of the Haliburton men's recreational hockey league.

The surveyors trailed only once in the game, for three minutes in the first period, and although Emmerson Lumber threatened several times in the third period, the edge of luck remained with Bishop and Wilson.

Emmerson Lumber took a one goal lead at 5:16 of the opening frame when Bill Johnston beat Steve Kirkpatrick in the surveyor net. Joe Roberts, a tireless worker throughout the night for the lumbermen, assisted on the play.

Three minutes and 26 seconds later, Paul Howe tied the score for the surveyors as he teamed up with Tom Curry to put the puck past Kevin Finch in the Emmerson net.

Bishop and Wilson were missing two of their top players, Bob Woodcock and Greg Bishop, but it didn't take much of the edge off their attack. With 4:28 left in the opening period Tom Curry gave the surveyors the lead with help from Ken Riley and Paul Howe, and a minute and four seconds later, Brian Black made it 3-1 with help from Curry and Howe.

The teams went end to end in the second period, but it took 10 minutes and 31 seconds for another goal to be scored, this one by Emmerson's Gary Brohman while Paul Howe was sitting out an interference call. Assisting on the goal were Jerry Walker and Joe Roberts.

With 7:38 left in the period, Bishop and Wilson regained a two goal margin, Paul Howe getting his second of the night with help from Ken Riley and Tom Curry.

### Emmerson shooters came close in fast third period action

Emmerson Lumber came out for the third period knowing they could win with a little luck and a lot of hard shooting, and their determination looked like it was going to pay off. At the 4:20 mark, Dean Curry narrowed the gap to a single goal with help from Mark Schell.

The lumbermen kept the pressure on as time slipped away, and they very nearly got the equalizer. Once, from close range, and with Kirkpatrick out of position to make the save, an Emmerson shooter bounced the puck off

the post. Moments later, on a series of rebound scrambles, and with Kirkpatrick sprawling, the puck came within a hair's breadth of slipping over the goal line. In fact, Emmerson players were celebrating when referee Roger Bain made the decision and ruled it was 'no goal'.

There were other close calls as time wound down, but Kirkpatrick was sharp in the net, kicking out some excellent scoring opportunities that would have put Emmerson Lumber back in

the game.

With 3:01 left to play, Tom Curry put the game effectively out of reach, helped by Ken Riley.

Nearing the last minute mark, Kevin Finch left the Emmerson net in favour of an extra attacker, but before he could get over the blue line, Tom Curry fired a wrist shot that found the open net and gave the surveyors a 6-3 lead. Helping on the play were Ken Riley and Brian Black.

The win gave Bishop and Wilson a 2-1 record in the series and the championship.

### The 1983-84 Men's Recreational League champions

These smiling faces belong to Bishop and Wilson players who skated their way to a 6-3 win over Emmerson Lumber to win the men's league championship on Monday night at the Dysart arena. Shown moments after the final buzzer sounded are, back row from left:

Stuart Baker, Tom Curry, Steve Cooper, John Robinson, Brian Black, Jim Winn and Bob Woodcock. Front row, from left, are: Jerry Thivierge, Ken Riley, Paul Howe, Wayne Ellison and Steve Kirkpatrick.

Although they put out their best effort, Emmerson Lumber players just could not gain the edge in the final game of their series against Bishop and Wilson

on Monday. The surveyors skated to a 6-3 victory and the league championship in an exciting game.

### National run plan announced

Unseasonably warm weather across most of the country seems to have brought the armies of joggers out in force earlier than usual, and officials of the Canadian Track and Field Association are hoping this is a portent for the nation's Second National Run Canada Week, set for May 13-21.

Part of Fitness Canada's National Physical Activity Week, last year's nine-day festival of running took hold from Newfoundland to the Yukon, and, following a survey at the conclusion of the event, it was conservatively estimated that some 400,000 Canadians of all ages and from all walks of life had responded to the challenge to "Get out and run for it". A special calendar of designated days covered young runners, women runners, dis-

Please turn to Page 7

## Atoms win Millbrook series

### Team will now meet Ennismore in provincial semi final

Haliburton's OMHA Atom squad had the advantage in their quarter final series against Millbrook heading into a scheduled fifth game on Monday night.

The local boys began the series with a 1-0 win. Last Thursday Haliburton travelled to Millbrook and came out on the short end of a 1-0 score.

Saturday the series returned to Haliburton and this time the boys came up with a convincing win.

Jason Billings put Haliburton on the board in the first period on a play that was assisted by Russell Morrison and Wade Wood.

In the second frame Millbrook came back to tie the score, but Haliburton lost little time in surging ahead. Jason Billings got what proved to be the winner with help from Morrison and Chris Greenfield, still in the

second period, Wade Wood netted an insurance marker aided by Derek Wilson and Greg Brohman. Wood then added the team's fourth goal with help from Billings and Derek Wilson to cap a 4-1 victory.

Sunday Haliburton was back in Millbrook for game four, but this time neither team managed to establish a clear advantage, and the game ended in a 1-1 tie. Haliburton's only goal came in the second period when Jason Billings scored from Wade Wood.

The Atoms wrapped up the series on Monday night with a 3-1 win. Wade Wood led off for the local boys in the first period, assisted by Greg Stamp and Jason Billings.

In the second period Chris Greenfield stretched the advantage to two goals with help from Greg Stamp. Millbrook then scored to make it

2-1, but with six minutes left to go in the third period, Jason Billings tallied from Stamp and Wood to cap the win.

Haliburton took the series with a record of three wins and a tie. They will now face Ennismore in a semi final round which is expected to get underway this Friday night following the opening games of the Glen Dart tourney.

### Seniors host mixed bonspiel

By GLADYS REID

One week ago today, Wednesday, March 14, Haliburton hosted Minden in the annual seniors mixed bonspiel, and a good time was had by all.

## STEEDMANS

HALIBURTON and MINDEN

There was plenty of action around the Bishop and Wilson net Monday night in the recreational league championship final, but the puck stayed out often

enough to give the surveyors a convincing win over Emmerson Lumber.

## Minden rink wins bonspiel

from page 6

Visitors and hosts alike enjoyed a lunch served by the social committee of the Haliburton club. Old friendships were renewed and new friends made, a plus factor in making the day a huge success. The day long event went off smoothly and both clubs went home saying "for sure we'll be back next year."

The point system was used to determine the winner and Cec Yearwood of Minden strongly supported by vice Louella Yearwood, second Lloyd Boskitt and lead Doris Hart, were the overall winners of the spiel and went home with top prizes.

The Ed Pettinger rink, consisting of Peggy Pettinger vice, Phil Graham second and Jane Graham lead, tucked second place prizes into their bags and took them home to Minden.

The overall picture showed the Minden rinks were the

stronger of the two clubs, but the teams from Haliburton supplied some stiff competition.

Bruce Armstrong's rink was a strong contender for Haliburton and Bill Migh-ton's guys and gals provided the drama of the day.

Against the Art Hunt rink of Minden they tied in the eighth end and the skips had

to throw the tie-breaking rock.

It was a heart stopper as both skips failed to count with their first stone. The proverbial pin could be heard to drop as the second rock was thrown, but the shout that went up from Bill's team let everyone know whose rock was closest to the button.

It was a tough one to lose for Art, but he was congratulated on a game well played and reminded that there's always next year.

The icing on the cake for the Haliburton club came when Ed Pettinger, on behalf of the Minden Seniors, thanked the local club for a good day.

## Run to mark track and field anniversary

from page 6

bled runners, and every other category, the idea being to introduce as many people as possible to running as a fun and personal fitness programme.

This year's Run Canada Week gets away from the theme day concept and uses the slogan "Run for the 100", marking the fact that 1984 is the 100th anniversary of Track and Field in Canada. Track and Field, of course, has always encompassed road running, which is the milieu in which most Run Canada Week events take

place. Although not binding, running enthusiasts and those taking up the sport will be encouraged to run in events which relate in any way to the '100' figure -- 100 runners in a race, 100 laps, or a variety of combinations which permutate in some way to 100. Fun runs, road races, and running clinics will all be included during the week, which is kicked off the Labatt's Lite National Capital Marathon on May 13. "The ideas are endless" according to Preston Randall, Run Canada Week's National Coordinator. "If we

were able to get hundreds of thousands out last year, this year we hope to do even better. Perhaps the fact that this is an olympic year will add some impetus. The whole world will be looking forward to seeing some great running in Los Angeles this summer, and while that level is too exotic for most of us, there's no reason why the building enthusiasm can't be channelled into some grass roots running activity during Run Canada Week."

Project Coordinators will be working in all of the provinces and territories.

## Glen Dart tourney begins this Friday

The annual Glen Dart Memorial hockey tournament is set to go this weekend in Haliburton. The tournament features house league teams from Haliburton, Minden, Bancroft and Wilberforce competing for trophies in Tyke, Novice, Pee wee and Bantam divisions.

Action gets underway Friday night at 6 p.m. in the Novice division, with Minden Blue squaring off against Wilberforce. At 7 p.m., Haliburton Blue will meet Minden White.

Play resumes Saturday morning at 10 a.m. with Haliburton's White squad meeting one of the Friday winners. At 11 a.m. the consolation game in the Novice division is scheduled.

Twelve noon is faceoff time for Tykes from Haliburton and Bancroft. At one p.m. top teams in the Novice division will meet for the championship trophy.

Atoms will take to the ice at 2 p.m., with Haliburton scheduled to meet Wilberforce.

At 3 p.m. Haliburton Pee wees will meet Wilberforce, and 14 p.m., the final game of the tourney gets underway, with Haliburton Bantams facing off against Wilberforce.

The tournament will bring the houseleague season to an end for teams from Haliburton village.

Tom Curry fights for control of the puck in second period action during Monday night's men's league final game.

Echo's readership is the largest.

# Your chance to honour a shining example.

### For Service to the Community

They are the bedrock of society, quietly, selflessly devoted to those who need help. They are the people who, with no thought of compensation, voluntarily devote part of their lives to the bettering of the lives of others - the disabled, the disadvantaged, the sick and the lonely. Some contribute their time and talents to helping others achieve - in culture, arts, sports and recreation.

### Bicentennial Medals

To commemorate Ontario's Bicentennial, a special medal has been struck. Made from Ontario gold and nickel and minted in Ottawa, the medal features Ontario's coat of arms and the Bicentennial symbol.

### Nominate a Special Person

In this Bicentennial year, 1,984 medals will be awarded to volunteers who have made a valuable contribution to their communities. Every community across the province including

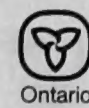

municipalities, Indian Bands and local service boards will be asked to nominate anywhere from one to 13 non-elected individuals (dependent on population). Beyond this, some 200 medals will be awarded to citizens whose names have been put forward by their fellow citizens or by volunteer organizations.

### Ontario's Bicentennial

It's an occasion for communities to join together and celebrate our rich diversity. The Bicentennial Medals Program is one way we can honour those special values we all hold in common, and those special individuals who've made our life together better.

We need your nomination by June 30, 1984. Nomination forms are available by writing:

Executive Secretary, Bicentennial Awards Committee, Box 1984, Queen's Park, Toronto, Ontario M7A 1N3

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

## Northern Lights

By Virginia Muenzel

Oh, give me land, lots of land, under starry skies above...

Spring is on its way, and I can't believe it's coming up on three years here for us. And, no, we don't have any regrets. I can't tell you how many times we've been asked that question by city and country folks alike. We've even asked each other, "Are you sorry we made the move?" If I'm ever sorry, it's only that we didn't do it ten or fifteen years sooner. But when you're younger, with children and lots of bills to pay, job security is a big factor in any decision. So, we waited until the kids were grown and independent enough to make it on their own in the states.

Guess where my kids live now? This is the same group who mouthed the familiar phrases, "It's a nice place to visit, but...", and "There's nothing to do," and "We don't have any friends there."

I think we had the house to ourselves for about eight months. Just about the time I had gotten cooking for two down to a science, kids started showing up on our doorstep. Not only our own, but all their "new" friends (whom they once couldn't find any of).

Eventually, we've gotten back down to one live-in child. And it looks like, sooner or later, they will all take the final plunge with Canadian spouses. If things keep up, there could get to be a significant number of Muenzels in the area.

Anyway, I wish I had kept a diary. The whole process from the time we decided to make the move, through the land purchase and the incredibly maniacal trudge through the red tape of immigration would fill a book mixed with comedy, tears, and utter frustration. And finally, the relief and disbelief when we actually crossed the border with all our worldly goods. (listed in triplicate, of course)

But, sadly, I didn't log the course of events. The memories are fading, and I'll never get it down. I do recall the number of people here and in Tonawanda who tried to talk us out of it. Or at least warn us that we might be highly disillusioned when faced with the realities of poverty at -40 degrees.

I remember Ed's buddies at work telling him he would never stick it out. "You'll go crazy with boredom in a month!" they said.

I must admit, he's had some pretty boring experiences. Like chasing a hot air balloon which was, in turn, pulling a little red car across the field, towards the lake. Like helping to erect a ski-lift tower. (He's always hated heights). Like butchering chickens for the first time, and trying not to gag.

His pals were astonished the first time we went back. He had lost forty pounds of excess tummy, and looked great. He had a unique job, and knew more people than we thought existed here. Frankly, I think they all turned a very envious green.

Meanwhile, I was captivating my old girlfriends with exciting tales of how many eggs twenty-five hens lay in a day. And how many packages of beans I put in the freezer. I was obviously more low-key and slower to loosen up and get to know the community. But my friends all told me I looked fore contented than they had ever seen me in the city.

Life is certainly not a piece of cake. One of the main reasons I yearned for country living, was to be able to turn on my faucet and drink water that tasted like water. The water supply from the Niagara River in Tonawanda tastes like Javex in the winter, and algae in the summer. It has been

for wells??

Diane Hagerman and Barb James put butter and maple syrup on pancakes as youngsters and their parents enjoyed a pancake feast and bake sale at

CHACE Place in Haliburton on Friday. The event was a hit with pancake lovers.

## A Pinch of Sand

By H. JEAN BROWN

The gulf coast is famous for its shrimp. The shrimp boats go out about 6 in the evening returning the following morning around eleven. That is when you go down to the harbour to pick out your shrimp, and it is a miracle that something so very ugly should be so gorgeous to eat. Shrimp in the shell can only be found in the large cities in Canada. However it is possible to buy frozen shrimp in the shell. They come minus the heads so that two pounds produces about a pound and a half peeled. Shrimp cooked peeled and frozen can be substituted. Shrimp in the can is not so versatile. For the following do buy the frozen shrimp as large as you can find.

### Simple Shrimp

Thaw shrimp and cook in boiling salted water for 6-8 minutes until pink. Or shell then cook. Keep warm.

#### Tangy Sauce:

1 cup mayonnaise  
1/8 tsp. tabasco  
salt/pepper  
1 tsp. dry mustard  
1 1/2 tsp. lime juice  
few drops tarragon vinegar

#### Seafood Sauce:

1/2 cup catsup  
dash tabasco

3 tblsp. wine  
3 tblsp. horse radish  
1/2 tblsp. worcestershire  
Serve shrimp in heated bowl with sauce for dipping.

### Lemon Garlic Shrimp

2 lb. medium shrimp, peeled  
1/4 cup butter  
1/2 tsp. salt/pepper  
1 tblsp. worcestershire  
2 cloves garlic halved  
3 tblsp. lemon juice  
3 drops tabasco  
3 tblsp. chopped parsley  
Place shrimp in single layer in 10x15 inch baking pan. Sauté garlic in butter in saucepan, remove garlic. Add salt, pepper, lemon juice, tabasco and worcestershire. Mix well and pour over shrimp. Broil 4 inches from heat for 8 - 10 minutes, baste once. Sprinkle with parsley. Serves 6.

## Senior League

By BERT HARRISON

Dear readers, I don't seem to have much to write about. Some of our residents are down with the flu. Some laid right out. We had no sing song Friday afternoon, no bible study Saturday, no service in the chapel Sunday night. Rev. Burgess couldn't get out of his driveway, so you don't know what to do or where to go, you don't like to step outside when it's 30° below. God works in mysterious ways, his wonders to perform. The sun is shining bright today after yesterday's storm.

Our administrator had a birthday this very day; congratulations. We hope many more come your way. Edith Welch came back to us today, after in different hospitals she had a lengthy stay.

Monday afternoon the ladies in the craft room, that is, all who were able, were making different items on the round tables. I got my wife back from the hospital and thought everything would be fine but all she wants to do is sleep all the time. The movies Monday night were quite a sight; "Reward Land", "Rocks to Take Home" and "Every Saturday Night".

We were so sorry to learn that Betty Hardy didn't even slip but ended up however with a dislocated hip. They say as we grow older our bones get more brittle, to break a leg or hip takes very little.

Tuesday morning Rev. Wicks of Minden Gospel Church, conducted a very impressive service in the chapel this March day. Fred Ballard also came with music to play. Wednesday morning down at fun and fitness, Fred Bandfourth won, dropping the balls through a hole in the ramp, for all to witness. Our entertainers came Wednesday night, Cathy Ownes, all the way from the Ministry of Natural Resources, where students go each month to study different courses. Earl Cooper came from the shores of Grass Lake. Now these two know how to do the job and sure have what it takes. They play lovely music that the

residents enjoy so much and we look forward to when they'll be coming back to us once again.

The ladies from the Baptist Church from Haliburton came down to Hyland Crest, served us a delicious lunch, and were our special guests. We would like to say thank you for coming down to us this 15th March day.

Doug Ripley and Linda McKnight came up here Thursday night, called the bingo numbers and did the job right. They are celebrating St. Patrick's Day Friday at Hyland Crest, doing all the kinds of stunts to put you through the test. Now what do you suppose trying to throw a ring around Patty the pig's nose. Also peel a potato without breaking the peeling. Also a lot of other stunts that gave you a funny feeling.

They played the quiz game which is a lot of fun, I don't really know which side won. Royce Harrison and Roy guessed the exact weight of the blarney stone. For all who took part in the games they played it turned out to be a very exciting day. It was my wife's birthday too. To all who sent her flowers, lovely cards, best wishes, the cooks a lovely birthday cake, we would like to say a big thank you.

### To The Newlyweds

And so you got married. How this came about we were really curious, we thought we would find out. Now Michael thought it would be really good if he would win the hand of lovely Nurse Wood. With a power blackout, in an electrical storm he would always have wood, to keep himself warm. We are glad you are both staying on here at the Crest, with health and happiness you both will be blessed. Now this is the wish from all of us here, that your love will grow stronger with each passing year.

As you travel life's pathway, on a day-to-day course, with never a thought of seeking divorce. But on each other depend, just stay tied up together, no matter the weather, until life's journeys end.

## Pioneers built a new life in a harsh landscape

### History of the Lanes a tale of struggle

By Leopoldina Dobrzynski

When Roy Brohm, the future reeve of Dysart et al, was 10 years old, his grandmother Maria Lane took him on a sentimental journey to the homestead in the bush. Here she spent the first years of her married life.

Lot 12, concession VI, Dysart, is located on the north side of the old Haliburton road, half-way between Gould's Crossing and Gainforth Corners. Most of the land on this side stayed in the hands of the Canadian Land and Emigration Company, long after the southern part was settled. Except for a few non-resident speculators, including the Company's lawyer, Hugh Edmonstone Montgomery, who owned lot 12 for a while, no one rushed forward to farm this steeply-sloping rocky land. Thomas Lane, a young Englishman and son of West Guilford pioneers, finally bought the lot in 1869. Lane's brother James brought his 18 year old bride, Maria Gilmour, to the homestead shortly after they were married in the summer of 1874. Rev. W. Reeve, Haliburton's first Presbyterian minister officiated at the wedding.

Maria Gilmour was born in the County of Tyrone in Ireland. Her mother, Mary Buchanan, was the daughter of well-to-do farmers. She married William Gilmour, a restless individual, who dreamt of faraway places and felt constrained by family responsibilities. Three children, two girls and a boy, were born to the couple. Mary's father set his son-in-law up in business, but after reading about the golden opportunities which were to be had in the Canadian wilds Gilmour left family and business behind and moved to Haliburton, the centre of the Canadian Land and Emigration Company's operations. He bought a piece of land on the corner of the present Victoria and Pine streets, built a shanty and made a living doing odd jobs.

"Billy come early", as he was known locally, to distinguish him from another William Gilmour who was called "Billy come late", was an ardent Orangeman and a member of the "Good Templars Society".

Meanwhile the Gilmour children, left behind in Ireland, were growing up. The Buchanans helped to raise them and were much annoyed when

James Lane

Maria decided at age 17 to join her father in Canada. She was given some money, as part of her inheritance and sent off to Haliburton. Life in the rough frontier town displeased the young girl. She decided to return to Ireland at once. Her grandparents were not amused and refused to receive her. Maria had no other choice but to return to Haliburton. On that second voyage, the ship, which was partly steam-powered, ran out of coal and was becalmed near the coast of Newfoundland. For a few days, food was rationed and soon the passengers and crew had nothing to eat. Eventually another vessel came to their rescue.

At about the same time, Maria's sister Matilda was on her way to Philadelphia, when she too, was shipwrecked. She lost all her luggage, but saved a small family bible, which is still treasured by her American descendants today. Her husband, a Confederate soldier, was killed in action. Returning from a visit to Philadelphia to visit his sister, the Gilmour girls' only brother died at sea.

In 1915, when Mrs. Lane and her grandson Roy

visited the homestead, the clearing was already growing to brush. They crossed a meandering stream making its way through the bush and stood in front of the steep, almost vertical hill which rises above the gully where the log cabin and barn stood. By then, only two squares of partially rotten logs were left of the buildings. But the apple tree, silent witness of bygone days was still there, its gnarled branches pointing to the sky.

Three of the Lane's nine children were born on the homestead in the 1870's, the young couple mourned the death of their first baby.

While Maria looked after the house and farm, her husband worked as a "cadger", delivering supplies to customers, doing road work or livery service with his team of horses. His biggest customer was the Lowry Lumber Company at Hall's Lake. The supplies arrived by freight boat, later on the train. Lane picked them up and delivered them to the camps. It took a man with a team two days to travel from Haliburton to the camp at Hall's Lake. Lane usually spent the night at a half-way house in West Guilford.

The coming of the railroad was eagerly anticipated by the settlers near Gould's crossing. Transportation would be practically at their door step. In 1878, Maria, pregnant with William, carried on year old Beatrice on her back and walked to town on the newly prepared railbed, holding the neighbour's daughter, seven year old Anna Dugan, by the hand. When the Victoria railroad finally arrived, in the fall of the same year, it soon became apparent that farmers had to compete with cheaper produce, brought in from as far as Chicago by the Lumber Companies. Local produce sold at a fraction of the former price. The arrival of the train also coincided with the opening of the Canadian West and Dakota to settlement. A steady exodus of disappointed

settlers began as early as 1879 and continued well into the twentieth century. The population of Haliburton County dropped alarmingly, at a time when it was saddled with the railroad debt. To businessmen, such as James Lane however, the railroad brought greater prosperity. His business grew to the point where he had to look for larger quarters and hire a helper. When Steven Thompson of Haliburton joined the Western exodus, Lane bought his house and adjacent lot and moved his family to town. The Lane house, as it was later known, stood south of the Anglican

### House was one of the oldest in the village

Church. It had two barns, in which Lane kept several teams of horses and sleighs. The house was one of the oldest in town. Recently it had to make way for the Senior Citizen's Apartments. Soon after the family moved in, Henry Brohm, a settler's son from Lutterworth, came up with his team to work for Lane. He boarded at the house and later married one of the younger daughters, Laura. Lane also bought a 100 acre farm, lot 14, concession VII, Dysart, where he kept sheep.

In the early 1890's, the lure of the West became so strong to resist. James Lane loaded his teams and equipment on the train and headed for North Dakota. He lived to an advanced old age, but his family never saw him again.

The Lanes had then eight living children:

### NOTICE TO THE PUBLIC REGARDING FOREST MANAGEMENT ON CROWN LAND

The timber on designated areas of Crown Land within the Minden District is grown and harvested on sustained yield basis to provide employment and forest products for Ontario's economy.

The Ministry of Natural Resources is currently in the process of preparing a forest Management Operating Plan for the five-year period ending in 1990. This process includes the selection of stands to be harvested and the cutting method to be employed, an estimate of the timber yields to be obtained and the disposal of this timber to the forest industry. Provisions for the needs of wildlife and other uses of the productive forest landbase are also considered in this operating plan.

Individuals and organizations who wish to state their views on these matters should do so by writing the District Manager, Ministry of Natural Resources, Minden, Ontario, K0M 2K0 before April 16, 1984.

Deposit of \$100 is required for Set of Documents.

Second Set can be purchased at cost of \$50.00.

Lowest or any Tender may not be necessarily accepted.

### NOTICE TO SAWMILLS AND LOGGERS REGARDING CROWN TIMBER DISPOSAL

The Ministry of Natural Resources is currently in the process of preparing a forest management Operating Plan for Crown lands of the Minden District for the five-year period ending in 1990.

This process includes the selection of stands to be harvested and the cutting method to be employed, an estimate of the timber yields to be obtained and a licensing and timber sales programme for disposal of this timber to the forest industry. Provisions for the restoration of cutover lands to full productivity and for the improvement of other forest stands are also included in this operating plan.

In order to provide as fair a disposal of the Crown land allowable cut as is possible, the Ministry is soliciting the views of mills and loggers on this matter prior to the preparation of any new licences and sales. The deadline for such submissions is April 16, 1984.

For further information, contact the District Manager, Ministry of Natural Resources, Minden, Ontario, K0M 2K0, telephone 286-1521.

MUNICIPALITY OF DYSART ET AL

### NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE MUNICIPALITY OF DYSART ET AL TO STOP UP, CLOSE AND CONVEY PART OF THE ORIGINAL ALLOWANCE FOR ROAD BETWEEN CONCESSIONS XII AND XIII, IN FRONT OF LOTS 9 & 10, IN THE TOWNSHIP OF GUILFORD IN THE COUNTY OF HALIBURTON.

NOTICE IS HEREBY GIVEN pursuant to Chapter 302, Section 301 of The Municipal Act, as amended, that the Township Council of the Municipality of Dysart et al proposes to consider and if deemed advisable to pass at its regular meeting to be held at the Council Chambers, Haliburton, Ontario on Monday, April 9th, 1984 a By-Law to Close, Stop-Up and Convey Part of the Original Allowance for Road between Concession XII and XIII, in front of Lots 9 & 10, in the Township of Guilford, County of Haliburton.

AND WHICH SAID parcel or tract of land is illustrated and shown in heavy outline on a sketch by H.C. Bishop, Ontario Land Surveyor, dated February 3rd, 1984 and available for inspection at the Township Office of the Municipality of Dysart et al, Haliburton, Ontario.

AND TAKE FURTHER NOTICE that before passing the said By-law at its meeting to be held at the time and place above-mentioned the Township Council of the Municipality of Dysart et al shall then and there hear in person or by his counsel, solicitor or agent, any person who claims that his land will be affected by the said By-law and who applied to be heard.

DATED at Haliburton, Ontario this 6th day of March, 1984.

Wayne B. Wood, C.M.C.,  
Clerk-Administrator

## The Lanes' story

from page 9

Beatrice, William, May, Ted, Laura, Annie, Tom and Ia. The eldest was only fourteen years old, when Maria was faced with the task of raising her children alone. The resources then open to mothers did not include paid work outside the home. Mrs. Lane was a hard working, independent, well organized and resourceful woman. She added an extension to her house and took in 10 boarders from the Malloy and Bryans sawmill, located at the mouth of the Drag River. The owner of the mill, Malloy, whose family lived in Toronto, stayed at the Lane house during the week. Maria kept cattle, two milk cows, and two pigs, as well as a flock of hens. Each fall a two year old calf and a pig were slaughtered. Mrs. Lane sold butter, cheese and bread of her own making and eggs and milk to customers. In the summer, her children picked and sold berries. With the proceeds Maria bought sugar and made preserves for her own household. Her large, well tended garden yielded all the vegetables needed, plus gooseberries and blackberries planted along the fence. She made her own sauerkraut, preserved surplus eggs in salt and dried apple slices on a string. On the farm she made her own maple syrup and vinegar from the sour sap.

At the side of the house was a small shed which contained a barrel with perforated holes. In it Mrs. Lane placed hardwood ashes throughout the heating season. Over this, water was poured and the liquid lye which was thus produced was combined with tallow and boiled in a black iron kettle in the garden to make soap. The tallow was kept in the root cellar and the soap making took place in the early spring, before planting time.

Henry Brohm stayed on in the Lane house as a boarder. He married Laura in 1904 and later bought the lot next door to build a house for his family. Mrs. Lane sold him the farm in 1912.

Beatrice and Annie went to Toronto. Beatrice married Burt Bowler, a machinist. Annie's husband, William Abbey, was a brakeman on the railroad and a Roman Catholic. May married George Thayer, a stationery engineer. They lived in Haliburton. Ia married William Doxie, a seismologist working for the Federal Govt. in Ottawa. William farmed on the Parish Line and later moved to Dover Springs. He was married to Isabelle Hutchings. Ted, a bachelor, worked locally in sawmills and lumber camps. Thomas was foreman at the C.W. Hodgson Lumber Co. and later moved to Toronto where he worked for Massey Ferguson. He married Levina Baker.

Maria's father, "Billy come early" died in 1913, after spending the last years of his life in a cabin at the back of his daughter's property. He order a tombstone for his grave before he died and had it engraved with Orange order symbols. The order has always been his main interest in life. Gilmour owned a piece of property east of the Drag river, near the causeway. After his death, the land was given to W.R. Curry, the undertaker, in lieu of payment. Years later, when assets of the Canadian Land and Immigration Company were examined, it was discovered that "Billy come early" had no clear title to the land.

Maria Lane took great interest in the education of her grandchildren. She spent the last years of her life surrounded by family and friends. Her great wish to see Ireland, the country of her birth, once more, was unfortunately never fulfilled. She died on June 21, 1927 and is buried at Evergreen Cemetery in Haliburton. Maria Lane (Gilmour)

## Obituary: Albert Josiah Perrin

One of Haliburton's oldest and most widely known citizens is dead. Albert Josiah Perrin died at his home in Haliburton on Sunday, March 18. He was 93.

Born in Lindsay on December 15, 1890, Al Perrin showed an interest in show business from an early age. Along with his brother Jimmie, he attended travelling shows when they came to town, and the two boys soon taught themselves to tap dance. At the age of 17, the Perrin brothers decided to become professionals. They began travelling the vaudeville circuit in Ontario, and later joined an American troupe, performing throughout the southern United States.

Eventually the brothers broke up their act, joining separate vaudeville troupes.

While working with a theatrical company in Toronto, Al Perrin met and married his first wife, Gertrude. Throughout the years of the First World War, the couple performed with the Arlie Marks company. Later they joined the 'Original Williams Stock Company' in Florida, and continued to perform with other vaudeville troupes. In 1929, the era of vaudeville came to an end for Al Perrin when Famous Players Theatres bought out most of the small town houses where he had played, and turned them into movie theatres.

After the death of his first wife, Al Perrin returned to Lindsay, where he built up an enviable reputation as a producer and director of live theatre.

In the early 1930's Al Perrin came to Haliburton, purchasing land adjacent to the site of the present high school. He took up music, forming a small dance band that was kept busy with engagements throughout the area. He also began a taxi business.

Later Al Perrin purchased the Golden Slipper dance hall on Lake Kashagawigamog, a popular spot with local people and fondly remembered by many visitors to the area.

Eventually the era of dance band music was replaced by rock and roll, and

the 'Slipper' ceased to operate. Al Perrin retired to his home near Haliburton Village, but remained active until recent months.

He is survived by his wife Ida, children James, Donald, Patricia (Mrs. Bruce Fearrey), all of Haliburton; Marguerite (Mrs. Robert Bailey) of Toronto; a sister, Mrs. Marjory Cole of Toronto; and a number of grandchildren and great grandchildren.

Funeral service was scheduled for 2 p.m. Wednesday, March 21, with spring interment at Evergreen Cemetery, Haliburton.

## Northern Lights

from page 8

chlorinated, floridated, aerated, and certified drinkable. (If you ignore the tiny percentage of chemicals seeping into the water table from "Chemical Companies Anonymous"). Therefore, I was not overjoyed to discover that my 110 foot deep well yielded a gritty, dolomite laden water that leaves deposits on all it touches, with the immediate consequence that I couldn't use my old faithful dishwasher. And you can't make tea or coffee with it. So, every week Ed goes to a spring for drinking water. It's ludicrous.

But, all in all, given a choice, we'll stick with Haliburton. The town is not without its faults. There are those who scorn outsiders. Some say we're taking jobs from the local citizenry. But on the whole, we've met more nice folks who are willing to go to great lengths to help us with our unlikely problems. And look at me, I'm writing!

We're trying to give Haliburton the best we have to offer. We have, quite frankly, fallen in love with the place. I return, Haliburton has given us a very precious element. Pleace of mind.

# District News

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

## Gooderham News

By MARY HADLEY

Sharon Hunter of Oshawa spent last weekend with her mother, Mabel Hunter.

Margaret and Dawson MacDuff, of Scarborough, spent last weekend with their parents, Marjorie and Walter Madill and Nellie MacDuff.

Several local relatives and friends called on Lester and Violet Billings at Burnt River last Saturday, March 17. This was a special occasion - the celebration of their 50th wedding anniversary. Their many many Gooderham friends send best wishes for health and happiness in the years ahead.

Ruth and Robert Madill, of Clinton, with their sons, Keith and Paul, spent a few days with Ruth's mother, Violet Billings.

Mary and Mossom Madill of Toronto spent the March holiday week at their Pine Lake cottage.

The UCW met last Tuesday at the home of Margaret Pickens. The president, Jean Goff, conducted a devotional period. Vaneta Pickens continued her research on Jerusalem, tracing its history from earliest times through all its many struggles, its destruction and rebuilding to the present time. Following a business period, Margaret served a light lunch and all enjoyed a social time.

We are pleased to report that Sandra Dovell is recovering nicely in Peterborough Civic Hospital after undergoing gall bladder surgery. Best wishes for continued improvement, Sandra.

Glamorgan Seniors met last Wednesday afternoon with an attendance of 25. Although a few days early, this was special in honour of St. Patrick's Day. Evelyn Vanderland and Peggy Dermott, convenors of special events, decorated the place mats with paper shamrocks and the cups with sugar shamrocks. Several proudly showed their loyalty the good Irish saint in the "wearing of the green".

Lunch consisted of cabbage soup, rolls, bread pudding and a delicious cake artistically decorated for the occasion.

Among those welcomed as guests by president Ivan Hunter, were Amy Wensley of Haliburton, Vereen Hughson and Arline Ward of Cardiff.

Evelyn Vanderland reported on the progress of the Bicentennial quilt which should soon be ready for quilting. It must reach the Agricultural Museum in Milton for judging by May 1. Those who have seen it are loud in their praises and feel it must surely be worthy of a prize. A great amount of work has been done in the planning stage by Evelyn Vanderland and her husband, Fred, who has so perfectly marked the designs and the quilting pattern. Dorothy Robertson and Marjorie Madill have worked tirelessly on the embroidery, doing a super job.

The first prize quilt is given to the Queen when she visits Ontario this summer.

One table of bridge and three of euchre created enjoyment while some worked on the quilt or chatted.

The pot luck meeting takes place on March 28. Come and enjoy this afternoon with our friendly group.

About 1 a.m. last Tuesday morning a passing motorist over a mile away, seeing flames, called in the alarm to the Glamorgan Volunteer Firemen. The flames had already broken through the roof, so, in spite of the firemen responding quickly, nothing could be done to save the building. The beautiful home of George Flikas is now a total loss, estimated at approximately \$200,000. The cause of the fire is under investigation.

The Tory Hill Pastoral Charge of the United Church is sponsoring the formation of a Boy Scout group in this area. Maurice Bradley will be the co-ordinator. On March 29 at the Lloyd Watson Memorial Centre there will be an installation service of the leaders. Don Kennedy, of Brighton, area representative of the Scouting Association of Canada, will be present. Any boys between the ages of 5 and 15 who are interested in this worthwhile

venture should contact Maurice Bradley, 448-2850 or Ed Taylor, 447-2782.

A meeting of the 4H Club was held last Monday at Wilberforce. Mark Leahy was present. He was searching for leaders in the three divisions - Horticulture, Swine and Goats. Anyone between the ages of 12 and 21 who is interested in leadership in any one of

these three divisions should contact Maurice Bradley, 448-2850.

On March 27 at the Lloyd Watson Memorial Centre, at 7:30 p.m. there will be a meeting to establish an Agricultural Society (Agricultural Fair) in this area. Election of officers will take place. This is a first for our area. If you are interested in having such a fair in our area, you are urged to attend.

## Norland Natter

By KELLY GRAHAM

Hi. Well, how was your March break? Mine was great. I spent five days in Toronto with my friend Tracy Ross and really enjoyed myself. I hope you did too.

There was a hockey dance at the Norland Community Hall last Saturday, March 17. The dance was put on by the PeeWee OMHA hockey team and decorated by Jim Smith. Sorry I couldn't let you know about it before it occurred but I wasn't able to get any information regarding it.

Murray and Olivia Detlor, of Norland, recently returned from a three week vacation in Florida. They had a wonderful time, staying at Palm Harbour and visiting Busch Gardens and Daytona Beach. The temperature fluctuated between 75° and 80° but dropped as low as 37° at night!

Once the maple syrup season is underway the primary grades of Norland and Cobocok Public Schools plan on visiting Roger Gostlin's sugar bush in Norland.

Speaking of maple syrup - if you have an abundance of it this year here's a recipe you might want to try, it's a great topping for cakes, waffles, french toast or ice cream, especially if it is served warm. Maple Sauce: ingredients, 1/2 cup of maple syrup, 1/2 cup sugar, 2 tbs.

water, 2 tbs. butter, 1/4 tsp. vanilla. Combine syrup, sugar and water in a saucepan. Heat, stirring constantly, until sugar dissolves. Simmer gently over low heat, stirring occasionally, for 5 minutes to make a smooth, slightly thick syrup. Remove from heat and stir in butter and vanilla. Makes 1 cup.

The Northern School study recommended to the Victoria Board of Education that a new school be built between Norland and Cobocok. This will accommodate Norland, Cobocok, Kinmount and Burnt River. It is to be built as soon as financially possible. This could mean completion by September 1985.

The Board of Education has given approval for the Norland students to tour Ottawa from May 28 - 30. More details later.

I will try to have the winners of the Norland and Cobocok public school science fairs in time for next week's column.

A happy St. Patrick's anniversary to Alex and Helen Graham.

A reminder that the zone finals for the public speaking will be held in Fenelon Falls on March 25. You can check with your local school for time. It would be nice if the young people who are representing Norland and Cobocok had a contingent of local citizens turn out to support them.

## Wilberforce News

We have recently lost a number of former residents. They will be remembered as good citizens who played an active part in the activities of the Community.

Mrs. Myrtle Johnston was a kindly lady who, with her husband Ed, operated a small grocery business on the main street. Children of a few years back will remember the patience of Mrs. Johnston in allowing plenty of time to make a selection of candies. Mrs. Johnston also took great care of her flower garden, watering every evening with water drawn in the early hours of the day.

Lloyd McNeely died at the Oshawa General Hospital. Lloyd was born in Essonville and lived in Wilberforce for many years.

Another friend who has gone is Mrs. Ethel Farr, who died at Extensicare. Mrs. Farr was a great reader. She had a collection of valuable relics of the past, some of which were on loan to the Haliburton museum. She enjoyed Bingo games and was a member of the Monmouth Senior Citizen Club.

Another member of the Senior Citizen Club who will be sadly missed is Austin Kelterborn who, although a more recent resident, won many friends in the area. To all the family members and friends of these fine people the sympathy of the community is extended.

The Monmouth Library Committee held a farewell dinner for Olive Atkinson of Tory Hill who has served as a secretary for quite a few years. Also in attendance at the dinner was Deputy Reeve Harry Clark. Mr. Clark is on the board of the Haliburton County Library. Mrs. Bessie Croft and Mrs. Donna Herbert were also present. Mrs. Atkinson was presented with a gift of remembrance. A new secretary was welcomed in the person of Mrs. Elsie Craig. Later a meeting took

place at the Library with all members present.

The Haliburton Rotary Club has donated a table for the children's section of the library. The table is circular, of polished wood and is low enough for small children who use cushions to sit on. A metal plaque has been added to mark the date and name of the Rotary Club. All members were pleased with this fine piece of furniture.

The March 17 dance, held at the Memorial Centre, was a crowd pleaser with music by the popular 'Six Pack'. Their magic beat kept things lively and a capacity crowd was on hand for the event.

Also on March 17 the Monmouth Cup was held in the arena. This was a successful event and the results of the day were as follows: Novice: Wilberforce 5, Apsley 0; Atom: Apsley 6, Wilberforce 0; Pee Wee: Wilberforce 3, Apsley 2 (in overtime); Bantam: Wilberforce 5, Apsley 4; Midget: Minden 12, Wilberforce 6.

On Thursday, March 29 there will be a fund raising Bingo with the proceeds going to the new Playschool project. Prizes for this event have been donated. The Bingo will be held in the Memorial Centre beginning at 7:30 in the evening.

Don't miss the Firemen's Bonspiel coming up this Friday and Saturday. Members from all county firehalls have been invited to take part and it should be a fun day.

Maurice Bradley has initiated the forming of a boy scout movement and the idea has caught fire. Six leaders have volunteered and preparation is going ahead to make a start. A meeting will be held in the United Church in South Wilberforce and if enrollment is greater than expected the Lloyd Watson Hall will be used. It is expected that April and May

will be the months for the first meetings, closing for the summer months and resuming in September. All interested boys or parents can obtain further information by contacting James Deterling at 448-2875.

## Did you know?

By BAMBIL GILDER

Did you know...that our office has OHIP forms, including the application for non-group enrolment, premium assistance and also brochures on the travellers' guide to the Ontario Health Insurance Plan and a general guide book.

All of these contain a brief outline of benefits available, OHIP offices (addresses), and the forms needed to apply for coverage.

Ontario Health Insurance is the only basic health care insurance available in Ontario to Ontario residents and is designed to help pay for insured services when you are sick or injured.

Without this insurance coverage, you could run the risk of having to pay an

enormous amount for medical expenses should you require medical care.

A reduced income or financial difficulties need not prevent you from having Ontario Health Insurance. There are several ways you can obtain assistance in paying the premiums.

To receive further information, just drop in or give us a call at 457-2733. We would like to hear from you and help with any inquiries that you may have regarding social, legal, health, governmental and environmental subjects. Our office is located in Haliburton at the Drag River Municipal Building (across from Emmerson Lumber) and we are open from 10:00 a.m. til 4:00 p.m. Monday to Friday.

## Home Support News

By MARIE WALLACE,

Home Help is one of the popular services sponsored by Haliburton County Home Support Services. Many women living in all areas of the county are willing to assist people with their household tasks for a fee of \$3.85 per hour which is the minimum wage.

We would encourage you to make us of their capabilities - this will reserve your strength so that you can enjoy the day. You will look forward to someone coming in for a few hours, and when

they leave you will have a nice clean house!

Because these 'home helpers' must travel and use their car, we feel that they should have a minimum of three hours work. However, if the distance is shorter and perhaps is within walking distance, a shorter work period can be arranged.

Your first contact would be set up by calling the Home Support office at 457-2941, and after that, if the worker is satisfactory, you can make

## Coboconk News

By SHEILA LAKE

Last Saturday, March 10, a team of local cribbage players were excited and thrilled to win the Labatt's Cribbage Tournament held at Branch 67 of the Royal Canadian Legion in Lindsay. Robert and Norma Herbert and Al and Marg Short came first out of 44 teams with a total score of 1641, 11 points more than the second place team. They were presented with an envelope containing \$100 and each got lovely travel bags, courtesy of Labatt's. This is an annual event and the Coby folks were proud to bring honours to the local Legion branch here.

Winners in the seniors card games a week ago were: Euchre - ladies' first, Laura Irvine, 69; second, Ethel Farrow, 66; most lone hands, Leona Fountain, 4; consolation, Joan Bowins. Gents' first, Norma Herbert, 75; second, Tom Bowins, 74; consolation, Ben Farrow, 41. Bridge - first, Mary Heffer, 3440; second, Percy Crapper, 3390; consolation, Grace Crapper, 1340.

Winners for March 13 games were as follows: ladies' first, Ethel Farrow, 80; second, Leona Fountain, 76; most lone hands, Annie Watson, 3; consolation, Marjorie Fountain, 52; gents' first, "Ziggy", 92; second, Tom Bowins, 87; most lone hands, Donald Alguire, 4; consolation, Douglas Taylor, 56. Bridge - first, Ralph Brown, 3530; second, Lily Smith, 3460; consolation, Rose Rocchio, 1180.

Did you know that March is National Nutrition Month? With the big variety we have to choose from, we should all get lots of vitamins and minerals from the many fresh vegetables and fruits that are available in the local grocery. When we see so many in doctors' waiting rooms - waiting to get help for their various ills - I wonder, are they neglecting their Canada Food Rules, or ruining their health with nicotine, etc? We can all be

more healthy by eating fresh vegetables and fruits rather than fast foods and so many non-food items.

Clinton and Heather Hirstwood and Christopher visited his grandma Crocker on the occasion of her 80 plus birthday on Wednesday evening. Mrs. Crocker, who lives at Keswick, has been visiting her daughter, Carolyn Strong on the Buller Road for the past week, and enjoyed a birthday party held in their honour.

A packed out crowd enjoyed the music of the gospel group "The Proverbs" from Westport at Faith Tabernacle last Sunday evening. Although the weather was very cold, those who braved the elements were rewarded with beautiful singing and were glad they were there.

I'm sure Debbie Angiers, who operates Souter's Variety Store, was excited to win \$500 in the March 15 Wintario draw. Congratulations, Deb!

John and Gwen Faulkner of Peterborough were missing their three little girls last week, because they were holidaying with Grandma and Grandpa Faulkner here - and had a good time with cousin, Melissa too. Oh, to be a kid, eh? No worries about inflation.

### Home Support

from page 11  
arrangements with her directly.

The aim of the support services is to keep the senior living comfortably in his/her own home for as long as possible and we know that 'home help' will allow for this in many instances. It is definitely money well spent.

Our Spring Newsletter was printed last week and we want every senior to have a copy. These are distributed at the Seniors Clubs, Wheels to Meals, churches, to clients on Meals on Wheels, etc. They are also available at the Drop-In Centre located adjacent to our office and the Information Centre in Haliburton, across from Emrerson Lumber. We can mail one to you if you are unable to come in -- just call me at 457-2941.

These youngsters enjoyed some pancakes last Friday morning at CHACE Place in Haliburton.

## Kinmount Korner

By MILLIE MOSS

Well folks, some 125 men, women and children from the ages of six months to sixty-seven years attended the Kinmount Community Centre Friday morning, March 16 where two young ladies and two young men entertained the crowd with a marionette show of "Puss in Boots".

One of the boys played guitar and accordion beautifully and all four had lovely singing voices. I personally enjoyed every minute of it and a few words with one of the artists later. The youngsters must have really been "into it" as I've never seen that many little guys in one spot behave as well as they did. Thanks to the ladies who phoned me re this show and I hope they made it next day in Haliburton. One of the show people told they'd be putting the same show on in Haliburton on St. Patrick's day. They've been on the road for six weeks across Canada and they sure did a beautiful job and are to be commended.

Ralph and Doris Weston, along with grandchildren, all

of Toronto, were visitors for a week at the home of Gordon and Lil Taylor in Norland. A lot of talking and visiting went on. Mr. and Mrs. Brooks of Keswick were also visitors during the week.

Results of St. Patrick's C.W.L. card parties, March 13, are: ladies' high, Violet Schroeder; ladies' low, Margaret Kylië; men's high, Ambrose Watson; men's low, Lyle Anderson; lone hands, Clara Watson.

Madeline Hartin would like to thank all her friends for their cards, calls and good thoughts while she was a patient in hospital recently.

Happy anniversary to Helen and Alex Graham on March 17. Amy and Larry Coker on March 24. Audrey and Wilf Belanger on March 26 and to Bill - who will have put up with me for 43 years on March 19.

Results of Galway Wednesday night card party are: men's high, Ken Stuart; men's low, Doug Drinkle; ladies' high, Betty Stuart; ladies' low, Trudy Heron; lone hands, Ida Young.

Bob Wallace is recuperating after a fall at home.

Samantha Pearson (seven months) is a patient in Peterborough Civic Hospital.

Trudy and Christine Heron visited Oma, Mitzi Alzner.

Nancy, Lesley and Melissa Hutton visited poppa and onga, Ken and Ida Young.

Todd Drinkle and grandpa (Doug) joined the Huttons for a day of ice fishing at Ken and Ida Young's place. They caught no fish but Bill Holstock told them the secret is

## Minden news

By MAIZIE AUSTEN

Daryl Crowe of Minden will be on CKLY Lindsay radio on Tuesday, March 27 on the 7:30 program. Be sure to tune in and listen to some of our local talent.

Sincere sympathy to the family and friends of Mary Grozelle whose funeral was Saturday, March 17.

Dave Stribling spent the weekend with his parents Mr. and Mrs. Peter Stribling.

A speedy recovery to Russ Paul.

Mr. and Mrs. Ken Sawyer and family are holidaying in sunny Florida. I hope they are having a lovely holiday.

Sincere sympathy to the family and friends of Flo Henderson.

Don't forget, you only have until the end of the month to get your fish huts off the ice. If we get the weather we are promised it may be wise to remove them sooner than the last day.

Sincere sympathy to the family and friends of Mrs. Farr of Wilberforce.

The Atoms' last scheduled game will be Tuesday, March 20 in Sunderland.

The Novice tournament will be held in Fenelon Falls Saturday, March 31.

Sincere sympathy to the family and friends of Bertha Porter.

The best time to prove you are a real winner is when it looks like you are losing.

Sincere sympathy to the family and friends of Al Perrin.

Last week's mini card party winners were the following: euchre - lone hands, Florence Schlosser. Others were Irene Houghton and Pearl Cowen. There was no crib last week.

If you have any news for me to print please call 286-3607. Thank you.

Household hint: Bacon - Always put bacon on to fry in a cold pan. To separate refrigerated bacon, run hot water over a rubber pot scraper and slide it between the slices. When frying bacon, if you flour it first it will not spatter.

Sincere sympathy to the family and friends of Fred Thorn.

Pat and Bob Ackerblade, Ruth and Lloyd Harrison, Brenda and Dave Burgess and Jennie Anderson attended the Safe Driving Award Banquet in Peterborough Saturday, March 17.

Don't forget to order your Easter eggs soon. To order them call 286-1817 or 754-3161.

Sincere sympathy to the family and friends of George Woodcock.

Chris Ewing of Toronto and Carol, Reg and Karen Leaman of Keswick visited Mr. and Mrs. Milton Sears over the weekend.

Sincere sympathy to the family and friends of Ernie Eastman.

Did you get your ticket for the annual Red Cross dinner which will be held March 28 at the Curling Club? You can get tickets from Paul Heffer at the Drug Store in Minden.

Don't forget Bingo will be held Tuesday, March 27 at the Community Centre, upstairs.

Be sure to get in to see the Brian MacDonald art exhibition at the Agnes Jamieson Gallery. It will be on until the 2nd of April.

There will be movies at the Cultural Centre Friday, March 30. Adults from 7 p.m. to 3 p.m., and children from 7:15 to 8:15 p.m. This will be the last movies for the adults.

That's all for this week. I hope to see you all next week.

## Red Cross Youth

# There's a lot going on for women in Ontario

### Find out

In Ontario, there are many opportunities for women to get involved in or take advantage of programs, services and benefits offered through the Government of Canada. You owe it to yourself to know about them. A few are listed here and there are many more. Just use the coupon below to get more information.

### Need help getting a job?

If you're planning a career or looking for a job, your Canada Employment Centre can help. If you're thinking of going back to work, or changing jobs, or going to work for the first time, you may want to consult the Women's Employment Counselling Centre in Toronto. The WECC can help you decide what work you are best suited for and would most enjoy. It can teach you job-finding skills, and help you get essential training and on-the-job experience. Counsellors specially trained to help women get ahead in the labour market will provide a variety of job-related assistance. Some Outreach Projects specifically for women offer similar services. Ask at your local Canada Employment Centre for details.

### Can't afford to get job training?

Maybe you can. There are many courses available for women in Ontario now. They range from academic upgrading to skill training. Most are offered by community colleges or provincial training centres throughout the province. If your Canada Employment Centre counsellor feels training will improve your marketable skills, you can take an approved course at no cost to you.

If you are eligible for Unemployment Insurance, you will draw your benefits during the training period. Training allowances are available for those not eligible for UI. Enquire at your local Canada Employment Centre, and send in the coupon.

### You can earn while you learn

Another option is on-the-job training. Opportunities to be trained in non-traditional jobs can readily be found in Ontario. Many of these jobs are both challenging and high paying. The Government of Canada, through its General Industrial Training and Critical Skills Training programs encourages employers to hire and train women. Generous financial assistance is offered. Interested in working as a systems analyst, computer programmer, chef, machinist? There are lots of possibilities. Find out more by mailing the coupon.

### Help with child care

Income tax deductions for child care expense have been doubled - up to \$2,000 per child. Send the coupon for more details.

### The Women's Program

This program was created to support women's voluntary associations working in fields of particular interest to women. Through it, the Secretary of State Department makes grants and contacts resources available to women's groups to develop projects that will contribute to community education and action around status of women issues. Program staff are available as resource persons for information and project assistance. They also develop and distribute print material. More than \$1.1 million was spent in Ontario on the Women's Program 1982/1983. The Women's Program has regional offices in Ottawa, Toronto, Hamilton, London, Sudbury, Timmins and Thunder Bay.

### Canada Works might help you

Canada Works is a job creation program that provides funds to community organizations, municipalities and businesses, helping them to hire staff for special work projects and activities. If you have been unemployed for eight weeks, you could be eligible to work on a Canada Works project. The jobs last from six to 52 weeks and give you experience and contacts that might help you find a long-term job. Your Canada Employment Centre has information on the Canada Works jobs available in your community.

### Labour Canada Women's Bureau

The Labour Canada Women's Bureau was established in 1954 to provide leadership and services to women in paid employment. A key role is the development, promotion and support of policies and programs to achieve equality for women in all facets of employment: opportunity, pay, rights and benefits. The Bureau addresses women's concerns through research, policy assessment and education. Send in the coupon to find out more.

## Kinmount Korner

from page 12

To yell down the ice hole. Lesley Hutton came close, she stuck her boot in.

Mitzi Alzner, Marge Int-Veen, Marge Morrow and Ida Young visited Yvonne and Natasha in Pickering for a baby shower for Kristin Fagan. A good time was had by all.

David Int-Veen visited mom and dad Int-Veen on the weekend.

Happy wedding anniversary to Orval and Elaine Cooper, 30 years on March 20. To Elaine's sister, Sharlene and her husband Al Bryant, of Oshawa, also on March 20, for 20 years. Now for the really big one: a happy 50th anniversary to "Peg", "Ellie", Ellen and Elgie MacKay of RR 1, Kinmount, who celebrate their special day on March 21.

Happy birthday to Melissa Munro, five years old on Friday, March 16. She celebrated by travelling to be with her great grannie Jones in Pembroke. Happy birthday Melissa from grandparents Mary and Bill Snoddon.

Our own grandson, Jason, has asked me to let you know that one day last week, he walked from his Norland home to the town dump gate on #503 and back to his house. As he said, "and gramma, that's over half a mile". Actually it's about a mile each way. Possibly another Hank Cieman coming up?

Last week I mentioned the fire on #121 some weeks back and the fact I'd been asked if anything was being done for these victims. Well, this week I've had calls, a number of them. Thanks to Maizie Austen and Lori Butler to name two. These people are now living temporarily with family and the

biggest thing on the agenda is the need of a house to rent. If you can help, call 286-3698 and speak to Lori or Wayne Butler. The folks who lost just about everything in the fire need size 6 clothing, especially pajamas, for Steven. Helen is twelve years old, and needs clothing maybe size 14-16. Linens, bedding, cook and bakeware, clock, coffee/end tables, dressers, fridge, stove, dryer, mixers, bedding, toys. All of these things were lost. While you're doing your spring cleaning maybe you'll keep these people in mind. To you people who have already contacted me, I understand there's a drop-off point at the Shell station on Highway 35 at the Minden cut-off, or you can take it to the home of the victims' relatives on Hwy. 121, north of Kinmount on the west side. There's a wrecking yard there so you might watch for it. Lori Butler tells me the driveway isn't the best at the moment (whose is?) but they are sheltering the family and storing donations for them. If you feel you'd like to help, call 286-3698.

Glen Jones was the lucky winner of \$18.25 in the Kinmount Legion 50/50 draw last week.

Congratulations to Mrs. Wilma M. Lacombe who won the big one at the Kirkfield Lions bingo, Tuesday, March 13, on the 54th number. What was that about number 13?

The County Farmers' Association are selling tickets now, the winners to be drawn at a dance to be held Saturday, September 15. In good farm custom the prizes are as follows: first, hind of beef; second, half a pig;

third, one lamb; fourth, five chickens; fifth, five ducks; sixth, one goat; seventh, four litres of maple syrup; eighth, one bag of potatoes; ninth, one bushel of squash; tenth, one bushel of turnips. Tickets are \$1 each and some of the girls who are selling same can be reached at 286-3041 (Lil), 488-2784 (Joyce), or 286-1045 (Doreen).

How about a card of good cheer to Helen Jones, who is back in Oshawa General Hospital from Princess Margaret. Don't forget our shut-ins. They do need to know they're thought of and cared about.

Have you ever tried carrot dumplings? one cup of flour, two teaspoons of baking powder, half teaspoon of salt, three tablespoons of shortening, half cup of milk, one quarter cup of shredded

carrot, one teaspoon of parsley flakes. Sift together flour, baking powder and salt. Cut in shortening. Add milk, carrot and parsley, stirring until flour is moist. Drop dumplings into simmering liquid in eight mounds. Cover. Simmer fifteen minutes without lifting cover. Serves eight.

There was a very nice meeting of quite a number of Avon reps at the Haliburton Legion Tuesday, March 13.

I guess the folks who had their water supply frozen up last week got it thawed just in time to freeze up again this week. Is there no end to this weather?

Stay well and happy and remember "You will never have a friend if you must have one without fault." I'm still at 488-2353.

## Agricultural News

Why should you join 4-H?

A program that annually attracts over 22,000 young people must have some amazing benefits to it. What can the 4-H program offer you and why should you join?

The reason is obvious when you see a 4-H club in operation. The members are having a great deal of fun! They like meeting new friends, doing activities with "old friends" and working with a variety of age groups. 4-H members quickly learn the meaning of co-operation as they work with fellow members to complete exhibits, clip a calf, learn from a game or make a recipe.

4-H club work provides the opportunity to expand and develop skills under the capable and knowledgeable direction of a leader.

Less obvious benefits of being a 4-H member are the opportunities to develop personal skills. Learning to as-

sist a less experienced member, or sharing a skill with your club requires the development of good communication skills and leadership abilities.

How many organizations can offer you the ease of learning to speak publicly in the comfort of 10 or 15 friends - and also challenge you with audiences of 100 or more when you are ready to handle them? The ability to communicate effectively with public groups is an important talent to acquire.

The thrill of having tried something new, of finishing a tough project or of helping a friend is the best builder of self-confidence and self-worth available to anyone.

There are many benefits to being a 4-H member. Different challenges, situations and opportunities attract various members to the program. The overall personal benefits can best be summa-

rized in the words of a present 4-H member: "4-H is building a better me".

For more information on joining the 4-H program contact Mark Leahy or Christine Dukelow, at the Lindsay Agricultural Office.

**D.H.I. Awards Presented**

A number of Victoria and Haliburton County dairy producers were recognized at the annual Dairy Herd Improvement Association banquet.

Ray VanSchaik of Woodville was the winner of the Master Feeds Trophy for the highest B.C.A. on the Supervised Program, with the Composite B.C.A. of 161, on 41 records. Runners up were Henry and Leslie VanSchaik of Oakwood, and Englewood Farms of Lindsay.

The most improved herd with an increase of 37 B.C.A. Points was the herd of Bud and Paula Kirchner of West Guilford. They received the

Sunderland Co-operatives Trophy. Runners up for this award were Carson Knox, Fenelon Falls, and Ross Chambers of Oakwood. David Hamer of Oakwood received the Breeding Efficiency Award with a 12.3 month calving interval.

Production Awards for the Highest Plus Deviation Cows were won by Bud and Paula Kirchner, Englewood Farms and Terry Henderson, Woodville.

Special recognition for herds on Owner-Sampler Program were arranged by the County Association. Bill Moynes of Lindsay received the Lindsay Co-operatives Trophy for the highest B.C.A. on this Plan, with a Composite of 135.5 on 47 records. Henry Stam of Little Britain received the Schwartz Bros. Award for the Most Improved Herd. Bill Moynes also received the Award for

### HALIBURTON

O' Haliburton  
With your setting so rare  
Not many villages  
With you can compare.  
Your places of business  
Are varied and many  
Your scholars are the best  
Not surpassed by any.  
The numbers who flock  
To the Skyline Drive  
Assures every tourist  
Haliburton is alive.  
The surrounding lakes  
And beautiful hills  
Are the finest scenery  
And provide many thrills.  
Your forests in colour  
Are a delight to behold  
With their lovely bright green  
And rich red, yellow and gold  
Your neat little Churches  
Render service to man  
And brotherhood reigns  
Regardless of race, creed or clan.  
Yes, Haliburton  
You're well known abroad  
As that beautiful village  
Nestled deep in the hills of God.

Elsie Moore,  
Age 84

## Ministers plan to fight acid rain

from page 2  
gas under the National Energy Program.

Acid rain is caused by the emissions of sulphur dioxide (SO<sub>2</sub>) and oxides of nitrogen (NO<sub>x</sub>) from industry, coal-fired electricity plants and automobiles. These substances are transported hundreds of miles, transformed into sulphates and nitrates and fall to earth in rain, snow or dust.

Acid rain damages water systems so they can no longer sustain fish life. Acid rain is threatening forests, slowing their growth and killing seedlings. It is also capable of contaminating our drinking water supplies by leaching metals from soils and water pipes. Buildings and monuments are also showing the effects of acidic erosion.

## Dysart minutes

from page 2

order that they provide land to realign the intersection of the Eagle - Sir Sam's Road at Eagle Lake with Highway 519. After due consideration and keeping in mind the importance of this particular project, Council felt a meeting of representatives of the Ministry of Transportation and Communications is necessary since the municipality does not feel they alone can satisfy the requests of Greif Containers. Input and financial assistance from M.T.C. would be essential in order to finalize the land acquisition needed.

The Reeve and Clerk were authorized to sign the easement with Bell Canada allowing construction of a telephone line over, along or under that unopened portion

of Hodgson Drive, Registered Plan 348, Harburn, at the unnumbered lot between Lots 3 and 4.

The tender of Imperial Oil - Giles Connelly for the supply of petroleum products to various locations within the Township was accepted as follows: Gasoline - 40.9 cents per litre; Diesel oil - clear 39.8 cents per litre; Furnace oil - 27.0 cents per litre.

The offer of Larry VanLieshout for Part 12, Plan 19R-2953 Dysart, for commercial purposes, in the amount of \$5,000 was returned at \$5,500 - all other conditions to remain as per the offer.

Council adjourned at 1:00 p.m. until March 19, 1984 at 7:00 p.m. unless called prior to that time by the Reeve.

## From the Chamber

from page 5

supplies last on a first-come-first-served basis. You may also order Pitch-In T-shirts, posters, decals for litter containers, and bumper stickers, etc. at various prices.

A reminder - The Kanawa International Canoe Museum will be holding its meeting Thursday, March 22 at 8:00 p.m. to ascertain if there is enough interest in the county to support the formation of a county historical society. An invitation is extended to all residents and seasonal property owners.

### COUNTY OF HALIBURTON ROADS DEPARTMENT ATTENTION TRUCK OWNERS

All truck owners who are interested in working for the Roads Department in 1984 are required to complete forms that are available from the County Office. All forms to be returned by 4:00 p.m. April 11, 1984.

### 27. thank you

We would like to express our sincere thanks to relatives and friends for their prayers and cards. Con & Mabel Woodcock 27-P-21

We are moving and would like to thank all our friends. If we missed saying goodbye to anyone we apologize. Our new address will be Spring Bay, Ont. P0P 2B0. o/o Manitoulin Island.

Peter, Gloria, Michelle and Richard Hall 27-P-21

We would like to express our thanks to friends and relatives who stood by us and helped in our time of need.

We would like to give special thanks to all the doctors and nurses of Haliburton Red Cross Hospital who looked after and cared for Flo so well.

We would also like to thank Rev. John Smith and Gordon Monk for the services they provided.

Garth Henderson and family 27-P-21

I would like to thank all our friends for your prayers, cards and flowers at the time of my mother's physical death. Your prayers were a great source of strength to me. To know my mother was to love her. My loss is great but knowing she is experiencing Eternal Life with God the Father fills me with a peace and comfort that can only come from Him. More than ever before, I am aware that one of our purposes in life is to reach out and touch as many lives as we can by doing good, from-the-heart deeds, and to expect nothing in return. Our reward is Heaven itself. Thank you to Roger, Jennifer, June and Barb for coming to the funeral. A special thank you to John James for his calming words of God's promises. I feel very blessed to be a part of this caring, loving community, and I'm thanking God for each one of you. Most sincerely, Nada Vaughan 27-P-21

### 32. in memoriam

GRIFFEN - In loving memory of our dear sister who passed away March 28, 1983. My heart still aches in sadness. And secret tears still fall. And what it means to lose you, Della. No one will ever know. When the day is sad and lonely. And everything goes wrong. I seem to hear you whisper "Cheer up dear and carry on". Each time I see your picture, You seem to smile and say "Don't cry I'm only sleeping. We'll meet again someday". Always loved and remembered by sister Alice Prentice, Laura, Mrs. H. Upton, and brothers Garnet, Everett and Paul. 32-P-21

For our dad, William Edward Wilson who left us March 16, 1981. Our little babes would hold their grandpa near. Had God allowed them to know your happy face. But we will hold your memory very dear. For never can another take your place. Very sadly missed by Steve, Sheila, Brodie and Adam Beerrigan. 32-B-21

SIMS - In cherished memory of a dear father Bev, who passed away March 24, 1961. There is a gift in life you cannot buy. That is very rare and true, It's the gift of wonderful memories. Like the ones we have of you. Not a day do we forget you In our hearts you're always near. As we loved you, so we miss you. As it dawns another year. Forever loved, Shirley, Sandy and Terry. 32-P-21

SIMS - In loving memory of a dear Dad, Beverleigh, who passed away March 24, 1961. Loving and kind in all his ways. Upright and just to the end of his days. Sincere and kind in heart and mind. What a beautiful memory he left behind. Lovingly remembered always by Helen and Ross. 32-P-21

SIMS - In loving memory of my dear husband Beverleigh, who passed away March 24, 1961. He had a nature you could not help loving. And a heart that was purer than gold. And to those who knew him and loved him, His memory will never grow cold. Sadly missed and lovingly remembered by his wife Toots. 32-P-21

In loving memory of a dear husband and father John Hunter who passed away March 22, 1981. Those whom we love go out of sight. But never out of mind. They are cherished in the hearts. Lovingly remembered and always missed by wife Eida and family. 32-P-21

# Haliburton Highlights

by Creighton Feir

## By Creighton Feir

Mr. and Mrs. Bob Johnston of Haliburton left Toronto International Airport on Monday and flew down to Los Angeles where they will stay for a week as the guest of Bernie Nicholls of the Los Angeles Kings. They plan to see three Kings games while they are in L.A.

It's good to see Helen Archer out and around again after being on the sick list for awhile. Helen says that she is feeling a great deal better.

The Sportsmen's Show which opened in Toronto on Friday and will carry on through March 25 always draws a large crowd of people each year from Haliburton. It would appear from all reports that there will be more people going down this year than ever before.

There have been some big changes in the scenery and landscape around St. George's Church and Rectory. If you take a glance the next time you are going by you will notice that practically all of the big trees that stood for years near the church have been cut down. Rev. Phillips told the Echo that the trees were dying and had to come down. With the trees down the church and the rectory are much more visible.

Once again this year a large number of local skiers took the opportunity during the March Break to travel down to Vermont in the United States for a week of skiing.

Mens Industrial and Recreational hockey is becoming more popular each year. More players than ever before are joining leagues and having a good time playing hockey once again. There seems to be Industrial League Tournaments each week in different parts of Ontario. Roger Bain told the Echo last week that Haliburton has an All Star team that takes in quite a number of these tournaments and he went on to say that this team rates with some of the better teams in Ontario. There is a good chance that this All Star team will take on the N.H.L. Oldtimers team at next year's Haliburton Rotary Winter Carnival.

Breeding Efficiency with a 11.9 month calving interval.

### Cow-Calf Seminar

Program details have been announced for the East Central Cow-Calf Management Seminar being held at the Hickson Sales Barn, Lindsay, on Thursday, March 22. The Program, which starts at 10:00 a.m., will feature a speaking program during the morning and demonstrations during the afternoon. During the morning, Carm Hamilton, Agricultural Representative, Lindsay, will discuss Weaning Weight Programs;

Bernie Walsh, from Hastings, will outline his experience with Pre-Conditioning calves last fall; John Field, area Beef Cattle Specialist, will give an update on the OMAF Red Meat Policy, and Dr. Brian O'Neill, a Lindsay Veterinarian, will talk on Herd Health considerations for the beef cow. Following a beef luncheon, the afternoon program will feature demonstrations on implanting, lice control, vaccinations, and deworming.

All beef cow calf producers in the area are welcome to attend.

A big crowd turned out at CHACE Place at Haliburton on Friday morning last for a Pancake Brunch and Bake Sale. Everyone who attended seemed to have a good time.

Let's face it, we have had a very long and hard winter here with plenty of snow and cold weather, but we wonder if spring can be far off. The hockey season is winding down, the curling season is coming to a close and Snowarama is now history. Even though Friday was a wintry day we can smell spring in the air, or at least see it in the streets. People were wandering up and down Highland Street this week in light jackets and looking up at the sunny sky and wondering just what was happening. Yes, it's these nice sunny days that we get once in awhile that gives us a glimmer of hope.

According to Kim Emmerson, chairman of the Rotary Club of Haliburton Easter Seal Campaign, just a little better than 50 percent of the Easter Seal Objective of \$2,800 has been reached. Please send in your contribution as soon as possible. Please use the pink return envelope you received in the mail to send in your donation.

Oh, what a difference a year makes. Last year at this time there was no snowmobiling on Head Lake due to the mild winter we had. It's now March 21 and the snowmobiles are still criss crossing the lake.

The Haliburton United Church Pastoral Charge have decided to put out a Newsletter and the first one appeared during the first week of March. People from the various organizations in the three churches, Haliburton, Lochlin and Ingoldsby contributed news items from the different units in the church and it all made for a very newsy and interesting newsletter for the members.

Some of the people attending the Sportsmen's Show in Toronto over the weekend included, Mr. and Mrs. Tony Salvatori, Mr. and Mrs. Grant Scheffee, Mr. and Mrs. Bruce Sawyer, Mr. and Mrs. Bill Emmerson, Mr. and Mrs. Kim Emmerson, Mr. and Mrs. Greg Bishop are spending a week's vacation in Mexico. Bob Brohm, Harry Brohm and Vera Dean have returned home following a three week vacation in Florida.

The Kinsmen Club of Haliburton would like to thank all the participants who entered in their annual Fish Derby which was held at Koshlong Lake on March 3. The winning fish was a 7 3/4 lb lake trout caught by Warren Cimarno of Toronto. A total of 14 fish were caught, ranging from 7 3/4 lb down to 1/2 oz. The Kinsmen Club are grateful to Geoff Ainsley and all the merchants for the kind contributions to the derby. The fish derby will be held again next year.

Julie Kennedy will be the guest speaker at the Lenten Service which will be held at the Haliburton United Church (tonight) Wednesday, March 21. The guest soloist at this service will be Louise Denny.

It was really good news to hear that Arnold Roberts, one of the grand old men of Haliburton, was as fit as a fiddle when he attended the weekly Senior Citizens luncheon at the arena auditorium last Thursday. Arnold, or Arnot as he is better known, had just returned home a few days previous to this sporting a new heart pacer. His many friends wish him the best of luck and good health in the future.

The community of Haliburton was saddened to learn of the death of Al Perrin which occurred

over the past weekend. When one thinks of Al, thoughts turn to the Golden Slipper which at one time was the place to be to meet the in crowd on the popular dance floor on the shore of Lake Kashagawigamog. Many people from all parts of Ontario have pleasant memories when they think of the times they danced to the popular music of Al Perrin and his Rythmn Swing Aces. Al will really be missed.

Some of the local citizens were remarking just the other day that spring seems to be a long way off. Some of the senior citizens are looking forward to their daily walk through Head Lake Park.

On April 1 the Haliburton County Home Support Services will be celebrating their fourth anniversary. The organization is looking forward to your continued support and they say that they are always open to your suggestions.

Sincere sympathy of the community goes out to the families and friends of Bertha Porter and Harold Austin, both of Haliburton, who died sice the last issue of our newspaper. They were both residents at the Extendicare Nursing Home in Haliburton. The late Bertha Porter died last Thursday in her 77th year while Harold Austin was in his 68th year.

John and Kathy Stainton are the new owners of the Brown Owl Restaurant and Gas Bar in Minden. We wish them the best of luck in their new business endeavour.

The Lakeside Baptist Church congregation and Sunday school classes held their annual pot luck supper in the arena auditorium at Haliburton last Sunday evening. Skating and a hockey game rounded out the evening's entertainment.

# Ontario Electoral Boundaries Commission NOTICE OF PUBLIC SITTING Proposed Provincial Electoral Boundaries

A public sitting of the Ontario Electoral Boundaries Commission will be held in Peterborough (Court House, 470 Water Street, 10 a.m., Thursday, May 3, 1984) for the proposed electoral districts of Durham Centre, Durham East, Hastings-Peterborough, Northumberland, Oshawa, Peterborough and Victoria-Haliburton.

## Below is the proposal for the electoral district of Victoria-Haliburton.

The complete text of the Commission's proposals and the resolution of the Legislative Assembly appear in the **Ontario Gazette** of Feb. 11, 1984.

Rules of procedure governing public sittings of the Ontario Electoral Boundaries Commission 1983 for the hearing of representations or objections by interested parties, in accordance with the resolution of the Legislative Assembly.

1. Notice of public sittings of the Commission shall be published in the **Ontario Gazette** together with the proposals of the Commission for the redistribution of electoral boundaries at least 42 calendar days prior to the public sittings to which the proposals apply.

2. At any public sitting of the Commission, representations or objections from interested parties will be heard and considered to the extent that they apply to the Commission's proposals relating to the electoral districts for which the sitting is held; any decision on relevance shall rest with the Commission.

3. Representations or objections may be made orally or in writing, or both.

4. Subject to Rule 6, the Commission will hear representations or objections only from those interested individuals or groups who have signified their intention to make them by lodging written notice with the Commission within 23 calendar days from the date of the publication of this advertisement and such notice shall state the place and time of the sitting at which they propose to be heard.

5. Representations or objections on behalf of associations or groups shall be made by one person.

6. The Commission in its discretion may receive and consider at any public sitting relevant representations from any Member of the Legislature who appears in person, whether or not the Member has complied with the requirement for notice in Rule 4.

7. If it appears to the Commission that all the relevant representations and objections cannot be made during the time allotted for public sittings in any advertised place, sittings may be adjourned or postponed and the Commission shall give such oral or written public notice of their resumption as it considers adequate in the circumstances.

8. If no notice is lodged in accordance with Rule 4, a sitting may be cancelled at the discretion of the Commission.

9. The notice required by Rule 4 shall be addressed to:

The Secretary  
The Ontario Electoral Boundaries Commission  
70 Lombard Street  
Toronto, Ontario  
M5C 1M3

### Electoral District of Victoria-Haliburton

— consists of the counties of Haliburton and Victoria excepting thereout the townships of Carden, Dalton and Manvers.
